Application No. 2005-0289-0

Application by **The Score Television Network Ltd.** to amend the licence of the national specialty programming undertaking known as The Score.

The licensee proposes to make the above-noted service available for distribution in high definition format. The programming would be the same as the analog version of the service.

In *The regulatory framework for the distribution of digital television signals*, Broadcasting Public Notice CRTC 2003-61, dated 11 November 2003, the Commission stated the following in paragraph 67:

The Commission will permit the licensee of a Canadian pay or specialty service to make available for distribution an upgraded version of the service, provided that not less than 95% of the video and audio components of the upgraded and analog versions of the service are the same, exclusive of the commercial messages and of any part of the service carried on a subsidiary signal. The Commission will authorize such an upgraded version by means of an amendment to the licence of the corresponding analog service.

The intervention must be received by the CRTC and by the applicant on or before the above-mentioned date. The Commission cannot be held responsible for postal delays.

Your intervention will be considered by the Commission, and will form part of the public record of the proceeding without further notification to you, provided the procedure set out below has been followed. You will be contacted only if your submission raises procedural questions.

Submit your written intervention to the Secretary General of the Commission in **only one** of the following formats:

by using the

Broadcasting Intervention/Comments Form

located below the description of each application within this public notice

or

by mail to

CRTC, Ottawa, Ontario K1A 0N2

or

by fax at

(819) 994-0218

A true copy must be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line *****End of document***** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

Important

All information submitted, including your email address, name and any other personal information as provided, will become part of the public record and can be viewed on the Commission's Web site.

Documents sent in electronic format will be put on the Commission's Web site exactly as we received them, and in the official language and format in which they are sent. Documents not received electronically will be scanned and put on the Web site.

Examination of Documents

An electronic version of applications is available from the Commission's web site by selecting the application number within this notice.

A list of all interventions/comments will also be available on the Commission's Web site. An electronic version of all interventions/comments submitted will be accessible from this list. To access the list, select "Lists of interventions/comments" under "Public Proceedings" from the Commission's Web site.
