

## Broadcasting Decision CRTC 2006-262

Ottawa, 23 June 2006

### Transitional digital radio programming undertakings

Across Canada

#### Administrative renewals

1. The Commission **renews** the broadcasting licences for the transitional digital radio programming undertakings set out in the appendix to this decision, from 1 September 2006 to 31 August 2007, subject to the terms and conditions in effect under the current licences.
2. This licence term will permit the Commission to consider the renewals of these undertakings in the light of possible amendments to its Transitional Digital Radio policy. Changes to the policy have been proposed by participants in the Commission's wider review of its policies regarding commercial radio. The Commission expects to publish its determinations regarding its radio policies at a later date.
3. A number of the undertakings have not yet commenced operations, as indicated in the appendix. The existing deadlines for these undertakings to commence operations are hereby extended until 31 August 2007.
4. This decision does not dispose of any substantive issue that may exist with respect to the renewal of these licences and interested parties will have an opportunity to comment at the appropriate time.

Secretary General
