

Broadcasting Decision CRTC 2005-454-1

Ottawa, 23 November 2005

Trust Communications Ministries
Barrie, Ontario

Application 2004-1577-0
Broadcasting Public Notice CRTC 2005-26
23 March 2005

Erratum

1. In *CJLF-FM Barrie – Technical change*, Broadcasting Decision CRTC 2005-454, 7 September 2005 (Decision 2005-454), the Commission noted the licensee's proposal to increase its Canadian talent development (CTD) expenditures from \$3,000 to \$5,000 annually. In addition to that increase, Decision 2005-454 noted a commitment by the licensee to expend an additional \$500 per year for a scholarship for a student studying advertising at Georgian College. That expenditure was characterized as a proposed expenditure on CTD and not accepted as an eligible third-party expenditure connected to the development of Canadian musical and other artistic talent as set out in *Contributions by radio stations to Canadian talent development – A new approach*, Public Notice CRTC 1995-196, 17 November 1995 (Public Notice 1995-196). Instead, Decision 2005-454 required the licensee to re-allocate the \$500 annual commitment to CTD initiatives that meet the eligibility criteria set out in Public Notice 1995-196, and to submit a report on how it would be re-allocated, within three months of the date of Decision 2005-454.
2. The Commission notes that, in its application, the licensee had clearly indicated that the proposed \$500 scholarship was not intended to be an expenditure on CTD, but was rather meant to be an initiative of benefit to the community as a whole.
3. The Commission therefore replaces paragraph 13 of Decision 2005-454 with the following:

The Commission also notes that, subsequent to this application, Trust will increase its CTD expenditures from \$3,000 annually to \$5,000 annually. In addition to the \$2,000 increase in annual CTD expenditures, Trust proposed to make an annual expenditure of \$500 for a scholarship for a student of advertising at Georgian College.

4. In addition, the Commission replaces paragraph 15 of Decision 2005-454 with the following:

The existing condition of licence with respect to Canadian talent development is replaced by the following **condition**:

In each broadcast year, the licensee shall devote a minimum of \$5,000 in direct expenditures towards the promotion and development of local talent. In addition to the \$5,000 contribution to Canadian talent development, the licensee shall make an annual expenditure of \$500 for a scholarship for a student of advertising at Georgian College.
