Ottawa, 12 September 2006

**Starboard Communications Ltd.**  
Belleville, Ontario

*Application 2005-0214-7*  
*Broadcasting Public Notice CRTC 2005-33*  
*18 April 2005*

### Erratum

1. In *CJOJ-FM Belleville – Licence renewal*, Broadcasting Decision CRTC 2006-109 (Decision 2006-109), the Commission renewed the broadcasting licence for the commercial radio programming undertaking CJOJ-FM Belleville, and noted that the licence would be subject to the conditions set out in *New licence form for commercial radio stations*, Public Notice CRTC 1999-137, 24 August 1999 (Public Notice 1999-137), as well as to the following condition of licence:

In addition to the amount required under condition of licence number 5 set out in Public Notice 1999-137, the licensee shall devote \$2,000 annually towards the development of Canadian talent.
2. The Commission notes that, in its application, the licensee had clearly indicated that it wished to delete the condition of licence that requires it to continue to contribute \$2,000 per year to Canadian talent development (CTD). The licensee also indicated that it wished to continue, as a condition of licence, its contribution of \$400 annually in CTD to the Foundation to Assist Canadian Talent on Records (FACTOR) over a period of seven years.
3. The Commission therefore replaces paragraph 3 of Decision 2006-109 with the following:

The Commission also **approves** the request to delete the condition of licence requiring an annual Canadian talent development contribution of \$2,000. The licensee will be subject to the **conditions** set out in *New licence form for commercial radio stations*, Public Notice CRTC 1999-137, 24 August 1999 (Public Notice 1999-137) as well as to the following **condition**:

The contributions set out in condition of licence number 5 of Public Notice 1999-137 shall be paid to FACTOR for a period of seven years.
