

Broadcasting Decision CRTC 2005-204

Ottawa, 19 May 2005

CHUM Limited

City of Kawartha Lakes (Lindsay), Ontario

Application 2004-0985-6

Public Hearing in the National Capital Region

21 March 2005

CKLY-FM City of Kawartha Lakes (Lindsay) – Technical change

1. The Commission **approves** the application by CHUM Limited to change the authorized contours of the radio programming undertaking CKLY-FM City of Kawartha Lakes (Lindsay), by decreasing the average effective radiated power from 14,000 watts to 5,270 watts, by increasing the antenna height and by relocating the transmitter.
2. The Commission did not receive any interventions in connection with this application.
3. The Department of Industry (the Department) has advised the Commission that, while this application is conditionally technically acceptable, it will only issue a broadcasting certificate when it has determined that the proposed technical parameters will not create any unacceptable interference with aeronautical NAV/COM services.
4. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.
