

## Telecom Decision CRTC 2006-18-2

Ottawa, 6 June 2006

### **Forbearance from regulating interexchange private line services on additional routes**

Reference: 8638-S1-01/98

#### **Erratum: Telecom Decision CRTC 2006-18 – Appendix**

1. In *Forbearance from regulating interexchange private line services on additional routes*, Telecom Decision CRTC 2006-18, 13 April 2006, as amended by *Forbearance from regulating interexchange private line services on additional routes - Erratum: Telecom Decision CRTC 2006-18 – Appendix*, Telecom Decision CRTC 2006-18-1, 31 May 2006 (Decision 2006-18), the Commission forbore from regulating additional interexchange private line (IXPL) routes pursuant to *Follow-up Proceeding to Telecom Decision CRTC 97-20: Establishment of criterion and process for considering further forbearance from High Capacity/DDS interexchange private lines*, Telecom Order CRTC 99-434, 12 May 1999 (Order 99-434).
2. Due to an oversight in the preparation of the list of the additional IXPL routes for the October 2005 reporting period that satisfied the forbearance criterion established in Order 99-434, several IXPL routes were inadvertently incorrectly labelled in the list in the Appendix to Decision 2006-18.
3. In this Erratum, the Commission is making corrections to the Appendix to Decision 2006-18 in order to correctly label the routes. A corrected Appendix is attached to this document with changes highlighted in bold.

Secretary General
