

Regulations Review
Family Day Home
Child Care Centre

The Department of Health and Social Services is asking for your feedback on the current Child Care Centre and Family Day Home Regulations. The Four Year Plan for Child Care recommends a review of the regulations that govern licensed child care.

The Department is working with the Yukon Child Care Board in this review.

As a stakeholder in child care you may have some comments on all or several areas within these regulations. The attached survey is an opportunity to identify what areas of the regulations you would like to have reviewed and any specific concerns that you would like to see addressed.

A copy of the Child Care Centre Program Regulation and the Family Day Home Program Regulation are attached for your reference.

We would ask that you complete the survey and submit it by **December 1, 2006**.

Your input will be used to plan the regulation review.

The survey can also be viewed and printed off at the following web address:
<http://www.hss.gov.yk.ca>

The survey can be dropped off at the Child Care Services offices at 9010 Quartz Road in Whitehorse, or mailed to:
