Abitibi-Consolidated Company of Canada

Abitibi-Consolidated Company of Canada ("Abitibi") filed an application for an amendment to Schedule 1 of its electricity generator licence, EG-2003-0204. The Board has assigned the application file no. EB-2006-0175. The requested amendment is to change Abitibi's status as owner and operator of eight hydroelectric generating stations to operator only. Abitibi requested that its owner and operator status for the Westcoast Power Holdings Cogen Plant remain unchanged.

The Board assigned these applications file no. EB-2006-0124 and EB-2006-0128 respectively. The general partner for Orion was listed as 4349440 Canada Inc.

The Board issued Notice of Application by Orion for an electricity generator licence and an electricity retailer licence on June 30, 2006. No responses were received. If you wish to participate in the written hearing, please file a written submission setting out your views on the application(s). If you are making a submission on only one of the applications, only put the file number for that application on your submission. If you want your submission to be added to the record of more than one of the applications, please put all of the applicable file numbers on your submission.

You must forward three paper copies, and if possible, an electronic copy in Word format or in searchable PDF format, of your submission to the Board and one copy to the applicant at the addresses below.
