EDUCATIONAL REQUIREMENTS

Completion of a Denturist Program from an accredited school of denturism is required. This program must be recognised by the Admissions Committee of the Denturist Board of Manitoba.

WORK EXPERIENCE REQUIREMENTS

Previous work experience is not applicable in the process of credential assessment.

ASSESSMENT PROCESS

To become licensed as a Denturist in Manitoba an individual must first apply to the **Denturist Association of Manitoba**. He/she must submit:

- a completed application form (available from the Denturist Association of Manitoba);
- certified education and training documents; and
- current or prior licence from the foreign regulatory body.

Additional documentation may be requested. If documents are not in English, notarised translations are required.

Note: A fee **may** be charged for credentials assessment.

If the applicant does not meet the requirements of the Admissions Committee, completion of the Denturist Program is required.

If the applicant meets the minimum academic requirements, as recognised by the Admission Committee, a two-year internship in Manitoba must be completed. The internship must be supervised by a Licensed Denturist. The Internship fee is \$200.00.

Upon completion of the Internship program, the applicant is required to write theoretical and practical examinations (*total fee is \$1000.00*). These examinations are offered once per year, usually in the fall.

When all requirements have been successfully completed and fees have been paid the applicant will be licensed to practice as a Denturist in Manitoba. Mandatory annual professional fee is \$1300.00. This includes a \$200.00 license fee plus professional liability insurance.
