Call for Speakers

The Canadian Pollution Prevention Roundtable (CPPR) is recognized as a unique opportunity to stimulate further action on pollution prevention efforts across Canada.

Program Areas Include:

- Industrial P2
- Biomimicry
- Green Chemistry
- Building a Business Case for Environmental Projects
- Greening Supply Chains
- Green Procurement
- Small Business P2
- Municipal P2
- Sustainable Consumption
- Strengthening Linkages:
P2 & ...Air Quality, Best Management Practices, Climate Change, Community Based Projects, Compliance Promotion, Eco-Industrial Development, Extended Producer Responsibility, Lean Manufacturing, Metrics, Smart Regulations or other innovative areas of interest.

Abstract Submissions:

The CPPR Steering Committee is soliciting abstracts (max 300 words), accompanied by a brief professional biography.

Presentations will be selected for their contribution to the advancement of pollution prevention and relevance to program areas. The CPPR working language is English.

To submit an abstract, complete the "Call for Speakers" form at www.c2p2online.com/CPPR
