Aboriginal Business Directory

Procurement Services Branch (PSB) has drafted an Aboriginal Business Directory (ABD) as a corporate tool to identify Aboriginal businesses and as a resource for all government buyers. The ABD is a listing of Manitoba businesses that have formally registered themselves through the province's Aboriginal Procurement Initiative (API). The ABD will be updated on an ongoing basis as validated registrations for additional businesses are received.

The goal of the API is to increase the participation of Aboriginal businesses in providing goods and services to government. Aboriginal procurement is also one of the Sustainable Development Procurement Goals, whereby the Government of Manitoba is using its purchasing power to support community economic development and environmental sustainability.

Find what you are looking for:

[Aboriginal Business Directory Index by Commodity.....3](#)

[Aboriginal Business Directory Index by Location.....5](#)

The information in the Aboriginal Business Directory is current to the best of our knowledge. Inclusion of a business in the directory does not signify an endorsement by the Government of Manitoba.
