Date: February 2, 1998

**Subject: PAVED SHOULDER
POLICY**

Approved:

Deputy Minister

POLICY	Consideration will be given for shoulder paving if the highway meets the established criteria.
PURPOSE	To provide criteria and design standards for shoulder paving. The methodology and reasoning behind the development of Policy TP 4 / 98 is explained in Appendix A of the Transportation Planning Manual (<i>Basic Design and Cross-section Standards - Background / Reference Material associated with Transportation Planning Policy: TP 2 / 98</i>).
PROCEDURE	Road shoulders may be paved when the highway complies with the criteria specified on page 2.
