

# The Drainage Outlet

<http://d-outlet.coafes.umn.edu>

... a world of drainage information

## Research

Read about drainage research projects in Minnesota and elsewhere.

## Education & Info

View & download presentations & articles prepared by specialists on: history, fundamentals, technical aspects, economics, environmental impacts & law. Explore links to other drainage resources on the Web.

## Ask Dr. Drainage

An online discussion forum dedicated to drainage issues. Have your questions addressed by drainage specialists.

## Contacts

A place for drainage professionals to put their business cards online. Find a contractor or company, or the address of a researcher or educator.

## Surface Intakes

Descriptions of surface intake projects throughout Minnesota. Read about successful and not so successful designs.

## Planning & Design

View & download tools, articles and guides for planning a drainage system. Use online calculators or follow links to other planning resources.

## Meetings/Events

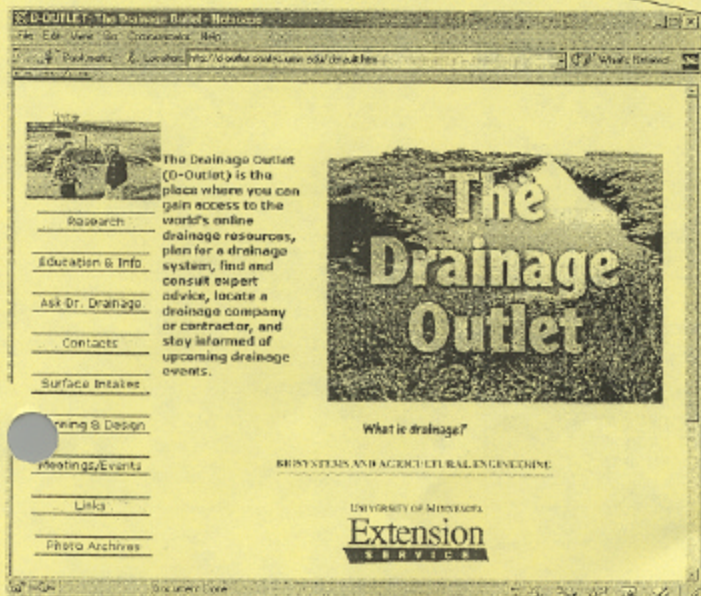

If it's happening in drainage, you'll find it here: dates and contact info for drainage events.

## Links

Links to online drainage resources around the world.

## Photo Archives

Download one or our stock drainage photos, or submit one of your own for the archive.
