FORECAST PEAK LEVELS FOR LAKES--- SPRING OF 2006
 March 23, 2006 Forecast

Table 3

	(All Levels are Wind Eliminated and in Feet Above Sea Level)							
	RECENT LEVEL	SUMMER TARGET LEVEL	FORECASTED SPRING CREST			Previous Peak Levels (feet)		
			Favourable	Weather Average	Unfavourable	2003	2004	2005
Big Whiteshell	1017.90	1019.0	1018.3	1018.6	1019.0	1018.5	1020.6	1020.3
Brereton Lake	1036.60	1036.8	1036.8	1037.1	1037.4	1037.2	1037.7	1037.6
Cedar Lake	836.10	831.7-841.8	^839.5	^841.4	^841.8	838.9	841.6	841.9
Clearwater Lake	853.70	852.0-853.0	854.2	854.5	854.8	853.4	853.8	854.2
Dauphin Lake	854.17	854.8	854.6	855.0	855.5	854.3	855.8	857.2
Falcon Lake	1065.30	1065.2	1065.5	1065.8	1066.3	1066.3	1067.1	1066.5
Jessica Lake	1017.70	1017.5	1017.8	1018.0	1018.3	1018.0	1018.6	1017.9
Lake Winnipeg	714.40	711.0-715.0	^714.7	^714.9	^715.5	712.2	714.8	716.55
Lake Manitoba	811.85	810.5-812.5	812.1	812.4	813.0	811.1	811.4	813.35
Lake Winnipegosis	831.45	829.2	832.0	832.5	833.2	829.3	830.4	831.7
Lake St. Martin	801.00	799.0-800.0	*800.0	*800.6	*801.5	797.9	797.5	801.6
Lake Of The Woods	1057.63	1060.0	1059.0	1059.5	1060.5	1058.1	1060.8	1061.4
Lake Of The Prairies	1394.86	1403.5	1401.5	1404.0	1407.5	1405.6	1406.7	1406.2
Nutimik Lake	902.55	901.5	904.0	905.0	906.5	901.2	906.2	907.4
Oak Lake	1409.50	1410.0	1409.6	1409.8	1410.0	1410.3	1409.3	1410.4
Pelican Lake	1351.50	1351.5	1351.6	1351.8	1352.1	1350.3	1351.7	1354.0
Reindeer Lake	1103.69	1098-1104.6	#	#	#	1104.2	1104.6	1104.6
Rock Lake	1329.60	1329.0	1331.5	1333.5	1335.5	1330.0	1333.9	1338.5
Southern Indian Lake	845.10	843.0-847.5	^846.5	^847.2	^847.5	845.6	847.4	847.7
Split Lake	551.35	547.5	^549.5	^551.3	^553.0	546.3	551.3	555.2
West Hawk Lake	1091.20	1091.0	1091.5	1092.0	1092.7	1091.4	1093.2	1092.7
North Shoal Lake	856.90	854.5	857.2	857.4	857.7	854.4	855.1	857.3

Notes: Spring levels may be temporarily higher than predicted if strong winds occur.
 Predicted levels include anticipated operation of control works such as dams and diversions
 * Predicted level for late June. Level will decline when Dauphin river ice clears.
 ^ Manitoba Hydro forecasted June crest. # Level expected to fall during the spring.
