Yukon Energy Corporation has filed an application with the Yukon Utilities Board to review its 20-year Resource Plan. There will be a public workshop on **Tuesday, July 25, 2006**. The pre-hearing conference is tentatively scheduled for August 4, 2006, and the formal hearing is tentatively scheduled for October 2, 2006. The process is detailed in the attachment. This attachment is in PDF format. If you have trouble reading the format, please let my office know, and we will be happy to fax it to you. Also attached is a letter from the Yukon Utilities Board (the Board) to stakeholders in this proceeding as well as Information Requests that have recently been provided to Yukon Energy Corporation by the Board.

Please review the attached public invitation to attend these events. Next week's public workshop will outline the hearing process, provide an overview of the 20-Year Resource Plan, and review the supporting documentation. Representatives of Yukon Energy and the Yukon Utilities Board will be available to answer questions.

The Board invites your First Nation to participate throughout the process. Your participation will ensure your First Nation is fully apprised of the plan, and it will also ensure the Board is aware of your First Nation's position in relation to the plan.

Thank you very much for your attention in this important matter.

Yours truly,

per: Wendy Shanks
Acting Chair
