BOARD ORDER 2006-6

WHEREAS:

- A. On June 1, 2006, Yukon Energy Corporation (YEC, or the Company) filed an application with the Yukon Utilities Board (the Board) to review its 20-Year Resource Plan: 2006-2025 (Resource Plan) to address Yukon's major electrical generation and transmission needs;
- B. The Resource Plan sets out YEC's expected near-term and longer-term requirements. Four near-term projects are proposed in the Resource Plan. Four alternatives, based on various scenarios to meet the needs of industrial customers, are set out to meet longer-term requirements. Certain near-term planning activities are proposed to protect longer-term options to address new load requirements;
- C. On June 5, 2006, the Minister of Justice of the Government of Yukon requested the Board to review and hold a hearing on the Resource Plan. The Board is to forward its report on its findings to the Commissioner in Executive Council, and make the report public, by October 31, 2006. Specifically, the Minister of Justice requested the Board review the proposals in the Resource Plan with emphasis on:
 - i) those projects related to the Resource Plan which require commitments by YEC before the year 2009 for major investments with anticipated costs of \$3 million or more for feasibility assessment and engineering, environmental licensing, or construction; and
 - ii) planning activities related to the Resource Plan which YEC may be required to carry out in order to commence construction on other projects before the year 2016 to meet the needs of potential major industrial customers or other major potential developments in Yukon.

Further specifics regarding the scope of the review requested are stated in the June 5, 2006, letter from the Minister of Justice, which shall form part of the application materials; and

- D. In Board Order 2006-5, the Board established a procedural schedule for this proceeding. Following the Public Workshop on July 25, 2006, due to scheduling concerns from the parties, the Board requested an extension from the Government of Yukon for the filing of its report to January 15, 2007. The request was granted and a revised procedural schedule has been established.

NOW THEREFORE the Board orders as follows:

1. A Pre-hearing Conference into the Application will commence at 9:00 a.m. on August 30, 2006, at the High Country Inn, 4051 Fourth Avenue, Whitehorse, Yukon.
3. A Hearing into the Application will commence at 9:00 a.m. on November 20, 2006, at the Gold Rush Inn, 411 Main Street, Whitehorse, Yukon.
4. Parties seeking Intervenor status are to provide the following information to the Board by August 23, 2006:

 - a description of why each professional is required
 - whether the party intends to file evidence and if so, on what issues.
5. YEC will arrange for publication in display-ad format, not later than August 2, 2006, of a Notice of Pre-hearing Conference and Hearing, as per attached copy, in such appropriate local news publications in the service area of the Company so as to provide adequate notice to the public.
