YUKON UTILITIES BOARD	
EXHIBIT C1-2	
ENTERED BY VEU	DATE Aug 23/06

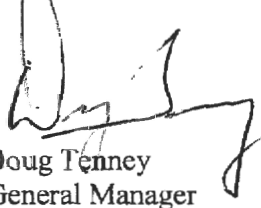

In Board Order 2006-6, the Board requested interested parties to identify the issues that they intended to pursue during the proceeding. The Yukon Electrical Company Limited (Yukon Electrical) has reviewed the draft issue list sent out on July 26 by Board Staff after the Public Workshop and can confirm that this list captures those issues that may either directly or indirectly impact upon Yukon Electrical customers.

Yukon Electrical will be utilizing the services of Mr. Loyola Keough of Bennett Jones as legal counsel. Mr. Keough is contracted to Yukon Electrical and its parent company ATCO Electric through an on-going retainer for regulatory matters and has appeared before the Board on numerous occasions.

At this time, Yukon Electrical does not anticipate filing any evidence but reserves the right to do so, depending on what transpires throughout the proceeding.

Yours truly,

THE YUKON ELECTRICAL COMPANY LIMITED
