Yukon Utilities Board
Box 31728
Whitehorse, Yukon Y1A 6L3

Attention: Ms. Deanna Lemke
Executive Secretary

Dear Sirs:

Re: Yukon Energy Corporation 20 Year Resource Plan 2006-2025

I have been asked by Yukon Energy to respond to the letter of Michael Buonaguro, counsel for UCG, dated November 3, 2006.

Yukon Energy has attempted in its November 1, 2006 letter to provide UCG with further explanation of the responses to the various information requests outlined in its earlier October 30, 2006 letter. To make Yukon Energy's position clear, the following comments are noted in response to the November 3, 2006 letter.

UCG-YEC-2-1

All relevant information in relation to UCG's preliminary request has been produced.

UCG-YEC-2-19

As indicated in Yukon Energy's previous responses, Yukon Energy has no template or precedent of a Purchase Power Agreement in relation to industrial customers. Any Purchase Power Agreement signed with an industrial customer will be filed with the Board.

UCG-YEC-2-24

As noted in Yukon Energy's November 1, 2006 response, Yukon Energy does not have detailed records of its consultations with other entities or with the many people to which it spoke during the planning process leading up to the Resource Plan. Yukon Energy's witnesses will be able to respond to any relevant question in relation to its consultations at the hearing.

UCG-YEC-2-44

Yukon Energy has responded to UCG's question in relation to all relevant Yukon Development Corporation contributions. The additional information requested from Yukon Energy by UCG is not relevant to this hearing and is out of scope.

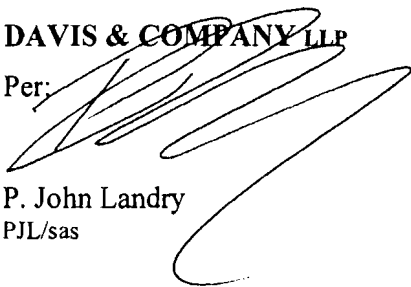

UCG-YEC-2-38

Yukon Energy is not intending to provide a "wholesale updating" of the Resource Plan. Yukon Energy will provide an update which will simply provide the Board and parties with a summary of planning activities that have been ongoing with respect to the near term projects since the Resource Plan was filed with the Board.

Yours truly,

DAVIS & COMPANY LLP
