

Pullet Production Quota Order, amendment*

Regulation 221/2004
Registered December 8, 2004

Manitoba Regulation 127/98 amended

1 The Pullet Production Quota Order, Manitoba Regulation 127/98, is amended by this order.

2 Sections 12 and 12.1 are replaced with the following:

Special pullet production permits

12(1) Any registered producer may apply to the Board for a special pullet production permit. Any application shall be in the form prescribed by the Board for such purpose and must be accompanied by any necessary permit application fee established by the Board for such purpose.

12(2) If the Board estimates that Manitoba producers will not be able to achieve adequate and timely supplies of pullets during a particular period of time and does not want to alter quotas in the manner set out in section 7, it may issue special pullet production permits to selected registered producers for a term of not more than twenty weeks in an amount not to exceed, in aggregate, such anticipated shortfall.

12(3) The Board may also issue a special pullet production permit to a non-registered person to permit the production and marketing of pullets provided that

(a) the Board is satisfied that sufficient pullet supplies during a particular period of time cannot be met by the issue of special pullet production permits pursuant to subsection (2) hereof;

(b) the Board is satisfied that such pullets will be raised and marketed under conditions satisfactory to the Board; and

(c) satisfactory arrangements have been made with respect to the payment of any penalties in connection with any activities of the permit holder that may be inconsistent with the terms and conditions established by the Board in issuing a special pullet production permit to the permit holder.

* This order is made under the Manitoba Egg and Pullet Producers' Marketing Plan Regulation, Manitoba Regulation 242/87 R, and is Order No. 2, 2004 of Manitoba Egg Producers.

Any application shall be in the form prescribed by the Board for such purpose and must

be accompanied by any necessary permit application fee established by the Board for such purpose.

Permits for industrial egg program

12.1(1) Any registered producer may apply to the Board for a pullet production permit to produce laying hens for the industrial egg program of the Board.

12.1(2) The Board may issue a pullet production permit to a registered producer who has entered into a contract with the Board providing for the sale of all pullets pursuant to the terms of such contract.

12.1(3) The Board may cancel or reissue a pullet production permit at the same time and for the same reasons it cancels a pullet production quota.
