

Government of Nunavut Employment Opportunity

**Electrical Technologist
Department of Economic Development and Transportation
Nunavut Airports HQ Division
Rankin Inlet Nunavut**

As a key member of the Division, the incumbent, under the supervision of the Manager of Facilities and in consultation with the Director of Nunavut Airports, will be responsible for two main program areas in the safe and efficient operation of airports in 25 Nunavut communities. The development and implementation of preventative maintenance programs and provision of technical expertise, support and repair services for airport/airfield electrical systems, related equipment and navigational aids is of primary importance. The other area is in the planning, programming and plan implementation related to rehabilitation, replacement and the provision of new airport/airfield electrical systems, related equipment and navigational aids.

To be chosen for an interview, you should have a Diploma in Electrical Engineering Technology or Electrician's Journeyman Certificate; endorsed with an Inter-Provincial Red Seal, and a minimum of 5 years practical field experience in airfield lighting, electrical and emergency power systems. You should have proven skills in providing direction and advice to airport/municipal electricians and electrical contractors, with at least 3 years training and/or experience in supervision. Other key skills required are; proven analytical, communication, organizational and leadership skills in a cross cultural setting. Eligibility for membership in ASET would be desirable.

Knowledge of communities, culture, land and Inuit Qaujimagatuqangit is an asset.

Equivalencies that consist of a combination of education, knowledge, skills and abilities to formal education and experience requirements will be considered

This position is included in the Nunavut Employee's Union and has a starting salary of \$67,860.00 per annum with a Northern Allowance of \$15,234.00 per annum
