

Government  
of Manitoba

## Employment Equity Program

The Government of Manitoba, in co-operation with the Manitoba Government Employees' Union, is committed to the principle of employment equity. The following under-represented groups have been designated by the Employment Equity program: women, aboriginal people, persons with disabilities and visible minorities. Candidates are invited to identify their status in relation to these four designated groups so that the Government of Manitoba can gather data to monitor the effectiveness of its Employment Equity program.
