

Traffic Control Device: **Work Zone**

Date of Revision: **March 15, 2002**

Division:

Subject: **Signs**

Page **1 of 1**

Purpose

Traffic signs are used to inform and guide motorists through construction and maintenance work zones. They can convey both general and specific messages through the use of words or symbols.

Policy

Only those signs approved for use in Manitoba may be installed in a construction and maintenance zone. Any existing or temporary signs that become redundant or contradictory because of work zone activities must be promptly removed.

Standard

Application and use of traffic signs are governed by the Highway Traffic Act, and its supporting regulations, and by Department of Transportation and Government Services policies (including Traffic Engineering Branch Policies 100-A-1 to 100-H-3). Refer to these sources for specific applications on the use of these signs.

In general only those signs listed and described herein may be used in work zones.

RECOMMENDED: _____
Director, Traffic Engineering

APPROVED: _____
Executive Director
Highway Engineering
