

Sanding and Finishing Workshop

Tuesday October 24, 2006
Red River College, Winnipeg

Instructor: Bob McGonigal of Forintek

Attention makers of furniture, cabinets or other woodcrafts!

After you've done all the hard work of making the perfect cabinet or piece of furniture, why wouldn't you want to have the best finish to show off your craftsmanship? In the market, finish separates exceptional from average work. Join Bob McGonigal, an industry professional with over 25 years experience on Oct. 24th to learn how to sand and finish professionally! Topics will include:

White Wood Sanding

- Sanding Time Frame
- Sandpaper Grit
- Dealing with Cross Grain and Rub Marks

Stain Types

- Toners and Spray Stains
- Wipe Stains
- Water Based Toners and Stains
- No Wipe Stains
- Safe Practices for Used Rags

Coatings

- Types of Coatings
- How to Select The "Best" Type of Coating for Your Project
- How to Decide Between Solvent and Water Based Coatings
- How to Decide Between Catalyst and Reducer Based Coatings
- How to Control Sheen
- Safety

Everything You Need to Know about Application Equipment and Booths

- Types of Spray Guns
- Pots and Pumps
- Specialty Equipment (from Catalyzer units to lines)
- Spray Booths

Coatings Application

- Spraying Techniques
- Overlap & Distance

Registration fees to be announced. Go to www.gov.mb.ca/agriculture/woodlot for more information. MAFRI will provide a rebate that limits registration fee to \$25.00 for the first ten (10) participants from rural Manitoba, but **YOU MUST PRE-REGISTER BEFORE OCTOBER 2nd**. If you are interested in pre-registering for this unique workshop, please contact Chris Reynolds at (204) 385-3492.

The Manitoba Agro Woodlot Program is funded through the Agricultural Policy Framework, a federal-provincial initiative.
