

ATTENTION CAMPERS

BE BEAR SMART

Store ALL FOOD and FOOD-RELATED ITEMS in a hard-sided vehicle/trailer/motor home (not in a tent or tent-trailer) when not in use, at night while you are sleeping or when your site is unattended for any length of time.

Never leave ANY of these items unattended:

- Coolers
- Food – open/closed
- Garbage/wrappings
- Dishes/pots
- Pet food/bowls
- Bottles/cans
- Items associated with food preparation

Wildlife can be drawn to your camping/picnic site by odour or visual attractants.

Once an animal gets used to human food, it becomes a risk to public safety and may have to be destroyed.

For further information, please contact park staff.
