

Don't put up with family violence

You have a new choice

If you, or members of your family, are in danger of family violence you can get fast protection through an Emergency Protection Order (EPO). You don't have to put up with:

- physical abuse
- emotional abuse
- threats of violence
- having your freedom controlled
- sexual abuse
- financial abuse

The new *Protection Against Family Violence Act* can get you and the people you love the protection you need – day or night, seven days a week, anywhere in the NWT.

The process is simple. You don't need a lawyer, you don't have to pay anything and you'll get help to apply.

To apply, call
