Release of Report: Injury in the Northwest Territories: A Summary Report

Yellowknife (December 7, 2004) – *Injury in the Northwest Territories: A Summary Report* has been released.

This report highlights the extent and nature of injuries (both intentional and unintentional) in the Northwest Territories. It represents the first comprehensive profile of injuries prepared by the Department of Health and Social Services.

The report is available on the Department's web site: www.hlthss.gov.nt.ca (click on What's New).
