

WORKERS' COMPENSATION BOARD

Northwest Territories and Nunavut

2005 RATE GUIDE

2005 CLASSIFICATION OF INDUSTRIES AND PROVISIONAL ASSESSMENT RATES

Effective Date: January 1, 2005

MISSION STATEMENT

Safe workplaces achieved through strong partnerships with employers and workers while providing fair and sustainable benefits.

DISCOUNTED RATE

The Workers' Compensation Board (WCB) of the Northwest Territories and Nunavut will continue to subsidize employer assessment rates for the year 2005.

In this rate book you will notice that we have included an un-discounted rate as well as a discounted rate. This allows you to see the rates that industries would be required to pay if the board was not in the financial position to offer a subsidy.

The Board is pleased to offer a 10% discount to all employers in the Northwest Territories and Nunavut.

The average provisional rate for 2005 is \$1.87, a decrease from last years average rate.

These rates *may not apply* to mega projects in the NWT or Nunavut. For additional information please contact the WCB.

WORKERS' COMPENSATION BOARD OF THE NORTHWEST TERRITORIES AND NUNAVUT

This booklet is a summary prepared to provide employers with a general understanding of the WCB industry rates. It is an information booklet only. **NOT** the Act. For inquiries and/or additional information, please contact our office.

** 100% funded by employers of the NWT and Nunavut.*
