**PROVINCE OF NOVA SCOTIA**  
**SUPPLEMENTARY DETAIL**  
**2003-2004**

**EXPLANATORY NOTE**

The *Supplementary Detail* for 2003-2004 is provided to the Members of the House of Assembly for information purposes in the Committee of the Whole on Supply and the Sub-Committee on Supply. This document will provide further financial details by budget subject to support the information in the *Main Estimates*, a summary of the major organizational and program changes implemented in the departments, and a comparative schedule of financial and funded staff information.

The section numbers for each department correspond to the section numbers in the *2003-2004 Estimates Book*.

## AGRICULTURE AND FISHERIES

---

**Honourable Gordon Balseer**  
**Minister**  
**7th Floor**  
**Joseph Howe Building**  
**Halifax, Nova Scotia**  
**424-4389**

**Mr. Peter Underwood**  
**Deputy Minister**  
**7th Floor**  
**Joseph Howe Building**  
**Halifax, Nova Scotia**  
**424-0301**

The department's mission is to foster prosperous and sustainable agriculture and fisheries industries through the delivery of quality public services for the betterment of rural and coastal communities.

The department's core functions are: Sustainable Resource Management (balancing industry development with environmental and social responsibility through applied research, technology transfer, accepted management practices, and industry/public awareness); Industry Growth and Development (investing in industry stability, new economic opportunities and strategic development partnerships); Responsible Governance (focusing on the orderly development of our resource industries through supportive legislative and regulatory frameworks); Education, Training, Skill Development and Life-Long Learning (sustaining expertise and excellence in Nova Scotia's agricultural, agri-food and aquaculture industries and preparing Nova Scotians for a global labour force through teaching and community services).

In the fiscal year 2003-2004, the department will address new and ongoing challenges including integrated risk management, environmental issues associated with resource harvesting and development, water supply and quality, food safety, industry growth and development, and illegal fishing and trade in seafood.

## AGRICULTURE AND FISHERIES

---

The department will continue to focus on encouraging a strategic climate for economic growth and job creation in Nova Scotia's rural and coastal communities. It will focus on emerging developmental opportunities in life sciences, applied research, new technology transfer, new commercial fisheries, aquaculture, value-added, new product development including organic products, new export markets, recreational fishing and agri/aqua-tourism.

The department will continue to offer a broad range of post secondary educational programs, training and research aimed at stimulating industry growth, raising public awareness and promoting a greater appreciation of the value of agriculture to the economy of Nova Scotia. Major focus areas for academic and applied research include climate change, organic farming, product quality enhancement, soil and farm waste management.

Agriculture and Fisheries consists of four "service areas", an integrated and centralized policy, planning and communications division, and the Nova Scotia Agricultural College.

Agriculture Services integrates regional agricultural services, dykeland maintenance, resource stewardship activities and a 4-H program for rural youth. It also provides development and risk management programs for the agriculture industry and oversees legislated organizations responsible for orderly marketing of supply managed commodities.

Fisheries and Aquaculture Services provides services to the commercial fishery through advisory services, field and coastal zone management and innovation in fish technology. This area also oversees aquaculture development including leasing and licensing of aquaculture sites, and the management of the inland fisheries resource.

## AGRICULTURE AND FISHERIES

---

Legislation and Compliance Services provides consultation, education, leadership and excellence in licensing, legislation, investigations and laboratory services within a timely and responsive regulatory framework.

Industry Development and Business Services integrates marketing, product quality development, business management and economic development services, and two business development agencies: the Farm Loan Board and the Fisheries and Aquaculture Loan Board.

Policy, Planning and Communications provides centralized coordination and support to departmental policy, planning and communications activities in fulfillment of the department's mission and broad government priorities.

The Nova Scotia Agricultural College continues to take a lead role in providing quality education, training and public service to the agricultural, agri-food and aquaculture industries. Working in cooperation with industry and government, the NSAC research department is the centre of agricultural expertise throughout Atlantic Canada.

AgraPoint International Inc. is a special operating agency that is funded by the department to provide technical and extension services to industry. Services could focus on specific commodities, like beef, berries or poultry, or on broader industry issues, like pest and soil management, or both. It is intended that the new organization will support industry development initiatives in conjunction with the department, as well as research activities in conjunction with the Nova Scotia Agricultural College.

## COMMUNITY SERVICES

---

**Honorable David Morse**  
**Minister**  
**8th Floor**  
**Nelson Place**  
**Halifax, Nova Scotia**  
**424-4304**

**Ms. Marian Tyson**  
**Deputy Minister**  
**8th Floor**  
**Nelson Place**  
**Halifax, Nova Scotia**  
**424-4325**

The Department of Community Services delivers a wide range of social services to Nova Scotians in need. The department works with other levels of government and many community-based organizations to provide a network of social services. Community Services continues to take steps to build a strong, viable foundation focused on delivering services in its four major program areas: Community Supports for Adults; Housing Services; Family and Children's Services; and, Income Assistance and Employment Support Services.

In fiscal 2003-2004, the department will continue to build on past successes while introducing new and expanded programs to meet the needs of Nova Scotians. Work will focus in the following areas:

### ***More Affordable Housing***

In 2002 Nova Scotia and the Federal Government signed a five-year Affordable Housing Program Agreement. Up to 1,500 affordable homes will be created or renovated over five years. The Agreement involves federal funding with matching contributions from the Province and our housing partners.

## COMMUNITY SERVICES

---

### *Supporting Families and Children*

Under the five-year Early Childhood Development Initiative the province is implementing a comprehensive and integrated childhood development strategy, including substantial investments in child care and early learning. In fiscal 2003-2004, the department will continue to build on the foundation that has been developed through past investments in recruitment and retention of child care staff, more training opportunities, new resources for parents and initiatives to support children with special needs.

This year, Nova Scotia will also take a major step forward in providing care closer to home with the opening of the Secure Care Facility in Truro, which will provide a safe place for troubled youth in the child welfare system.

### *Supporting Adults with Disabilities*

A number of steps have been taken to improve services for adults with intellectual disabilities and long term mental illness in our communities, including the closure of larger facilities in favour of smaller community residential settings near family and friends. In fiscal 2003-2004, the department will complete a review of all aspects of the Community Supports for Adults Program, including assessment, licensing, information technology, funding, and legislation.

### *Creating New Opportunities for Self-Sufficiency*

In fiscal 2003-2004, the department will continue to evaluate changes made in 2001 to the Province's Employment Support and Income Assistance Program. The review will look at how this program is supporting Nova Scotians in becoming as self-sufficient as they can be, through both employment and income supports.

## COMMUNITY SERVICES

The following table details items included in the Department of Community Services' budget to support the delivery of federally supported early childhood development services to Nova Scotians.

## ECONOMIC DEVELOPMENT

---

**Honourable Cecil Clarke  
Minister  
14 South  
Maritime Centre  
Halifax, Nova Scotia  
424-5790**

**Mr. Robert A. MacKay  
Chief Executive Officer  
14 South  
Maritime Centre  
Halifax, Nova Scotia  
424-2901**

On March 11, 2002, the Department of Economic Development and the Technology and Science Secretariat merged to form the Office of Economic Development (OED). The new organization is the focal point within the provincial government for advancing government's economic, technology and innovation agendas. OED researches, develops and advances corporate policies and strategies, leads strategic initiatives, and provides advice to government to foster a productive and sustainable economy.

## EDUCATION

---

**Honourable Angus MacIsaac**  
**Minister**  
**4th Floor**  
**Trade Mart Building**  
**Halifax, Nova Scotia**  
**424-4236**

**Mr. Dennis Cochrane**  
**Deputy Minister**  
**4th Floor**  
**Trade Mart Building**  
**Halifax, Nova Scotia**  
**424-5643**

The 2003-2004 budget of the Department of Education honours commitments made in Learning for Life to help students succeed in school and provides new investments in adult and post-secondary education. The budget funds education priorities while exercising stewardship of public resources to meet the Province's fiscal targets.

Included in the department's budget are resources for wage settlements for teachers and increased operational costs such as energy for the public school system. Initiatives supporting class size reduction and increased special education services are also funded.

This budget continues to support public school initiatives including: Active Readers grades Primary to 8; Writers in Action grades 4 to 6; further implementation of the Mathematics Strategy; provincial reporting policy and report cards; and implementation of the Code of Conduct guidelines. The provincial financial contribution to student services for French first language education will also increase.

Government has committed funding to start to build five new schools in fiscal 2003-2004 and an additional five new schools in fiscal 2004-2005. Funding has also been committed to continue to address the most critical renovation and maintenance needs in the public school system and to maintain the safety of students by annually renewing the school bus fleet.

## EDUCATION

---

Funding is provided in the budget for a new Student Debt Reduction program.

The department's budget includes funding for wage settlements and increased operational costs of the community college system. In addition, government has committed funding for a development strategy for the Nova Scotia Community College involving the construction of a new Metro campus and a reinvestment in other campuses throughout the province.

The budget provides new funding for initiatives associated with the Skills Agenda, continues to increase funding of the Nova Scotia School for Adult Learning, and increased funding for apprenticeship services.

## EDUCATION

The following table details items included in the Department of Education's budget to support the delivery of educational services to Nova Scotians in the public schools system.

## EDUCATION - ASSISTANCE TO UNIVERSITIES

---

**Honourable Angus MacIsaac**  
**Minister**  
**4th Floor**  
**Trade Mart Building**  
**Halifax, Nova Scotia**  
**424-4236**

**Mr. Dennis Cochrane**  
**Deputy Minister**  
**4th Floor**  
**Trade Mart Building**  
**Halifax, Nova Scotia**  
**424-5643**

The Nova Scotia Advisory Board on Colleges and Universities will continue to provide support through its funding formula for the allocation of provincial assistance to universities.

The 2003-2004 Estimate includes funding for the Dalhousie School of Nursing, which was formerly included in the Department of Health. As a result of the merger with the Université Sainte-Anne, the grant for the College de l'Acadie, which was formerly included in the Department of Education; Community College Grants, has been transferred to this appropriation starting in fiscal 2003-2004.

## ENERGY

---

**Honourable Ernest Fage**  
**Minister**  
**4th Floor**  
**Bank of Montreal Building**  
**Halifax, Nova Scotia**  
**424-7793**

**Mr. Daniel McFadyen**  
**Deputy Minister**  
**4th Floor**  
**Bank of Montreal Building**  
**Halifax, Nova Scotia**  
**424-1710**

The Department of Energy's mission is the supervision, direction and control over all affairs and matters relating to the exploration, development and use of energy including oil and gas, electricity and renewable energy.

In fiscal 2003-2004 the Department of Energy will continue to implement the Nova Scotia Energy Strategy, establish immediate priorities, focus on goals, and measure successes. With a strategic focus on the economic and social role the energy sector plays in the development of new opportunities and a brighter future for children, the department will position Nova Scotia as a world class investment destination with a highly skilled workforce and an innovative, competitive business community.

With an increased interest in offshore oil and gas resources, a global focus on climate change, and a more competitive energy industry, there is little doubt that the energy sector will continue to be a valuable economic and social contributor. As the government works with all Nova Scotians to build a healthier, more prosperous and self-sufficient province, the Department of Energy will play a key role in building a strong economy, and securing the future and improving the quality of life for Nova Scotians through the following key priorities:

## ENERGY

---

### **Promote economic activity and benefits;**

- Support the work of the Electricity Market Governance Committee.
- Encourage the development of gas distribution in Nova Scotia.
- Identify challenges and opportunities for Nova Scotia companies associated with offshore exploration and development activity, with particular emphasis on deep water areas.
- Continue to promote the Province at major oil and gas trade shows and conferences.
- Enhance local benefits opportunities.

### **Inform, educate and advise Nova Scotians on energy issues;**

- Help to position the Nova Scotia workforce to take advantage of employment opportunities in the energy sector.
- Improve the understanding of energy issues in Nova Scotia.
- Represent the interests of the Province before regulators, other governments and agencies.

### **Administer contracts, agreements, rights and memorandums of understanding with public and private sector partners;**

- Coordinate the regulation of onshore exploration activity including the underground storage of hydrocarbons.
- Administer the SOEP Royalty Agreements and Royalty Regulations.
- Administer the Nova Scotia Accord back-in rights.
- Work with other stakeholders to make the oil and gas regulatory system more efficient and effective.
- Implement Nova Scotia's obligation under the national climate change process.

### *Departmental Initiatives - Fiscal 2003-2004*

Manage and protect Nova Scotia's drinking water supplies through implementation of the Drinking Water Strategy Action Plan.

Propose regulatory amendments that will achieve sulphur dioxide emission reduction targets outlined in Nova Scotia's Energy Strategy, and work with major facilities to develop plans that address provincial commitments to meet Canada Wide Standards for particulate matter and ozone.

Develop a provincial plan in partnership with the Emergency Measures Organization, Department of Health, and Department of Justice for a rationalized response capability by first responders to incidents involving hazardous materials and bioterrorism.

## ENVIRONMENT AND LABOUR

---

Develop components of the strategic plan for the Workplace Safety and Insurance system pertaining to delivery of Occupational Health and Safety programs and services, and the Workers' Advisers Program.

Provide policy analysis support with respect to the review of automobile insurance issues in Nova Scotia.

Develop a regulatory policy framework to improve the consistency, cost-effectiveness, and transparency of the department's regulatory management processes.

424-5774**

### *Departmental Initiatives*

The mission of the Department of Finance is to establish a fiscal climate conducive for economic growth and to provide central agency support and policy direction for effective management of the Province's finances.

The department is committed to maintaining the Province's high standards of financial accountability and reporting. The Controller's Office will continue to develop and implement accounting policies with the intention of having the Province be a leader in financial accountability and reporting by provincial governments and publicly funded agencies.

The department will continue to provide leadership to the roll out of modern financial management systems across the public sector.

The Fiscal and Economic Policy Branch will continue to provide strong representation and negotiation of Nova Scotia's interest on a wide variety of federal/provincial, regional, and interdepartmental committees and working groups. The Branch will continue to research and develop a comprehensive, cohesive tax regime which is sensitive to the fiscal, social and economic priorities of Government.

## FINANCE

---

It will also continue to provide key fiscal and economic policy advice and forecasts for effective planning by government, as well as core statistical information to government departments and agencies.

The initiatives undertaken by the department as part of the commitment to effective investment and debt management, and the provision of pension services will continue. Enhanced information technology includes a new system for analyzing fixed income portfolios. In fiscal 2003-2004, this division will be reviewing the purchase of risk management software. The Pension Administration System, implemented in fiscal 2002-2003, is being extended to become web enabled. This will allow members of the public service and teachers' pension plans to review their pension entitlements and to make pension projections over the Internet. The web enabled system will be made available to an increasing number of plan members over the course of the year.

## FINANCE - DEBT SERVICING COSTS

---

**Honourable Neil LeBlanc**  
**Minister**  
**7th Floor**  
**Provincial Building**  
**Halifax, Nova Scotia**  
**424-5720**

**Mr. Howard Windsor**  
**Deputy Minister**  
**7th Floor**  
**Provincial Building**  
**Halifax, Nova Scotia**  
**424-5774**

The focus of the Debt Management Plan is to:

- i) reduce debt charges through reduced borrowing requirements and increased redemption of outstanding debt;
- ii) build on and develop expertise and analytical ability within the Department of Finance, complemented with the use of external resources as required; and,
- iii) upgrade the debt management and investment information systems to provide timely and accurate data to assist decision making.

In order to better reflect the actual costs of servicing the Province's debt, the reporting of interest revenues, which were formerly netted against certain interest expenses in the Debt Servicing Costs appropriation, was changed in the 2001-2002 Public Accounts. As a result, the Estimate for fiscal 2001-2002 and the Estimate and Forecast for fiscal 2002-2003 have been restated in the Net Debt Servicing Costs - Summary schedule on Page 1.8 of the Estimates Province of Nova Scotia.

Short-Term Interest revenue, which was formerly netted against General Interest expenses in Gross Debt Servicing Costs, is now included in Interest revenues in Ordinary Revenue. Also, Debt Retirement Fund Earnings, which were formerly included in Gross Debt Servicing Costs, are now included in Sinking Fund Earnings.

### *New Initiatives*

In addition to the continuation of existing programs and services, the department is continuing with the implementation of the province-wide hospital information system (NSHIS). The department will explore new opportunities and partnerships in primary care in addition to developing additional training opportunities for nurses, doctors and paramedics. Also, financial assessment changes will be implemented for residents in long-term care facilities.

### *Departmental Reporting Changes*

The Office of Health Promotion was established as a separate Public Service appropriation by combining the operations of the Nova Scotia Sport and Recreation Commission with the administration functions of Public Health and Health Promotion, Addiction Services, Problem Gambling, and Tobacco Control.

## HEALTH

Financial reporting for District Health Authorities (DHA's) is now shown by each DHA and the IWK Health Care Centre. The following table shows the expenses on the previously used program basis.

### *Re-Structuring Initiatives*

The department will address the requirement to provide safe, secure and functional courthouse facilities through the construction of a new courthouse in Port Hawkesbury and renovations to various courthouses throughout the province.

The department will enhance the network of safe, secure correctional facilities through the construction of a new institution in Yarmouth.

## JUSTICE

---

### *Program Changes*

The department will:

- implement Government's response to the Russell Report on the Framework for Action Against Family Violence;
- establish a Justice Learning Centre in collaboration with the Nova Scotia Community College;
- implement a plan to provide programs and services required to comply with the new federal Youth Criminal Justice Act;
- improve access to family justice services; and,
- develop and coordinate a plan to enhance the Province's capacity to respond to and manage threats to public safety.

## PUBLIC SERVICE

---

Public Service consists of resolutions for various agencies, programs and services, which are presented separately in the Estimates by administrative practice or policy. The Minister responsible for the administration of each resolution is noted in the details in the Estimates Book. Resolutions related to operations of the Legislature and a number of central government agencies are administered by the Office of the Speaker.

### *Executive Council Appropriation*

#### **Public Service Commission**

The Public Service Commission conducted an organizational review in fiscal 2002-2003 to identify ways to improve the delivery of human resource services in government. The Commission will shift its focus away from operational activities toward being the strategic leader of human resources within government. A new organizational structure will be implemented in fiscal 2003-2004 to support updated business processes.

Responsibility for the Human Resource Management System (HRMS) payroll system has been transferred to the Department of Finance effective April 1, 2003. This transfer is part of a project to replace HRMS and other payroll and human resource management systems with the SAP-HR system for all government departments and the provincial school boards.

The Public Service Commission's 2003-2004 budget includes funding for the student placements across government under the Provincial Employment Program, which was formerly included in the Department of Economic Development's budget.

## PUBLIC SERVICE

---

### *Office of Economic Development*

On March 11, 2002, the Department of Economic Development and the Technology and Science Secretariat merged to form the Office of Economic Development (OED). The new organization is the focal point within the provincial government for advancing governments' economic, technology and innovation agendas. OED researches, develops and advances corporate policies and strategies, leads strategic initiatives, and provides advice to government to foster a productive and sustainable economy.

### *Office of Health Promotion*

The Office of Health Promotion will be responsible for all matters related to health promotion and general preventative health in the areas of addictions, including problem gambling and tobacco control, and physical activity as achieved through sport, recreation and facility development.

With the direction of the chronic disease prevention strategy, the Office will utilize a population health approach and build upon a strong presence in communities. The Office of Health Promotion will work to develop policies and strategies to maximize stakeholder capacity to improve the health of Nova Scotians.

## SERVICE NOVA SCOTIA AND MUNICIPAL RELATIONS

---

**Honourable Peter Christie**  
**Minister**  
**14th Floor**  
**Maritime Centre**  
**Halifax, Nova Scotia**  
**424-5550**

**Mr. Gregory Keefe**  
**Acting Deputy Minister**  
**14th Floor**  
**Maritime Centre**  
**Halifax, Nova Scotia**  
**424-4100**

The Department of Service Nova Scotia and Municipal Relations consists of six divisions: Senior Management; Service Delivery; Registry and Information Management Services; Alternate Program Delivery; Program Management and Corporate Services; and, Municipal Relations.

### *Priorities for Fiscal 2003-2004*

In 2003-2004 the department's priorities will emphasize improvements to its services to business. These priorities are to: improve accessibility and quality of government services; improve the effectiveness, efficiency and financial health of municipalities; improve the standards for consumer protection, driver and vehicle safety, tax compliance, information holdings and security, and business practices in programs and services offered by the Department; and, emerge as an employer of choice, known for developing staff and providing a motivating work environment.

## TOURISM AND CULTURE

---

**Honourable Rodney MacDonald**  
**Minister**  
**6th Floor**  
**World Trade and**  
**Convention Centre**  
**Halifax, Nova Scotia**  
**424-4889**

**Ms. Michele McKenzie**  
**Deputy Minister**  
**6th Floor**  
**World Trade and**  
**Convention Centre**  
**Halifax, Nova Scotia**  
**424-4869**

### *Priorities for Fiscal 2003-2004*

The Department of Tourism and Culture's priorities for 2003-2004 are based on the following goals: Economic Growth - develop the economic and export potential of Nova Scotia's tourism, culture and heritage sectors; Stewardship - preserve, promote, present, and develop Nova Scotia's natural and cultural heritage; and Corporate Service - deliver professional services and corporate support to government and the department to facilitate accountability and good governance.

## TRANSPORTATION AND PUBLIC WORKS

---

**Honourable Michael Baker, Q.C.**  
**Minister**  
**2nd Floor**  
**Johnston Building**  
**Halifax, Nova Scotia**  
**424-7705**

**Mr. Brian Stonehouse**  
**Deputy Minister**  
**2nd Floor**  
**Johnston Building**  
**Halifax, Nova Scotia**  
**424-4036**

### *Departmental Highlights*

All Nova Scotian enterprises, be they private, public, social or cultural, begin with basic infrastructure. It is the management of this infrastructure that defines the mandate of the Department of Transportation and Public Works.

Transportation and Public Works is an infrastructure and service department that:

- provides services, direct or procured, to Nova Scotians and other government departments;
- is client-focused; and,
- is defined by its commitment to cost-effectiveness and quality.

Transportation and Public Works is charged with investing public dollars wisely so all Nova Scotians can benefit from improvements to public highways and buildings, the delivery of the procurement of services, and environmental clean-ups.

## TRANSPORTATION AND PUBLIC WORKS

---

Good infrastructure is sound investment. It is an investment in people, in their safety and in their quality of life. Good highways give commuters peace of mind and give industry more reasons to choose Nova Scotia. Good maintenance programs protect buildings that belong to the public.

The department also administers the government procurement and supply processes, provides postal services for government, and administers industrial parks and malls.

Nova Scotia needs solid infrastructure to build a strong future. The department is working towards fulfilling its commitment to provide the best possible highway and building infrastructure. Transportation and Public Works' full-time and seasonal workforce remains committed to delivering solid service that enhances the safety of all Nova Scotians.
