The mission of the Department of Agriculture, which was formerly called the Department of Agriculture and Fisheries, is to foster a prosperous and sustainable agriculture industry through the delivery of quality public services for the betterment of rural communities.

In fiscal 2006-2007, the department will address new and ongoing challenges. The Canada-Nova Scotia Implementation Agreement for the Agriculture Policy Framework (APF) continues to provide the policy and fiscal support to address challenges and seize opportunities in the agriculture sector.

The department will continue to address external pressures related to the environment, industry growth and development, food safety, animal health, and education and training, through applied research, product diversification and innovation, expanded export markets, business investment and improved risk management. The department will improve the legislative and regulatory frameworks that support its programs and services, including those aimed at addressing food safety, food quality, and animal health and disease prevention.

The Office of Fisheries and Aquaculture, which will be known as Nova Scotia Fisheries and Aquaculture, was formally created on February 24, 2006 through Order-in-Council # 2006-121. The new organization is responsible for all affairs and matters relating to fisheries and aquaculture, which were formerly the responsibility of the Department of Agriculture and Fisheries.

Ms. Marian Tyson
Deputy Minister

The Department of Community Services delivers a wide range of social services to Nova Scotians in need. The department works with other provincial departments, other levels of government and many community-based organizations to provide a comprehensive range of services. Community Services provides support to Nova Scotians through four major program areas: Housing Services; Family and Children's Services; Services for Persons with Disabilities; and Employment Support and Income Assistance.

Priorities for fiscal 2006-2007 include major new or enhanced initiatives for each of the four program areas.

The Early Learning and Child Care Program will be expanded with the infusion of \$39.1 million from the federal government to be spent over five years. When combined with the federal government's program to provide \$1,200 for each child under six years of age, the new funding will allow for the most significant improvement in the child care sector in years.

Other initiatives in Family and Children's Services will enhance the programs available to those children in the care of the Minister.

COMMUNITY SERVICES

For the third year in a row, support to low-income Nova Scotians is being increased through the Employment Support and Income Assistance Program. The rates for personal allowance and shelter are being increased. As well, a new Pharmacare program is being introduced to provide full coverage for the children of low income Nova Scotians.

Implementation of new and expanded programs for people with disabilities living in the community will continue in fiscal 2006-2007. These new options will become available to more Nova Scotians with disabilities and their families and allow them to choose from a menu of options that go beyond the traditional residential placement as the only solution to meet their needs.

The department will continue working with its partners in the sector to conclude a study on a new funding methodology for residential service providers. This project is a necessary component of and support for the many other improvements being made to services in the sector.

Phase Two of the Federal-Provincial Affordable Housing Program will be initiated. Working with its partners, Community Services will provide new and renovated housing and other affordable housing supports for low to moderate income Nova Scotians. A federally established Affordable Housing Trust will provide for capital investments and repairs to the province's aging private and public housing stock.

Mr. Dennis Cochrane
Deputy Minister
4th Floor
Trade Mart Building
Halifax, Nova Scotia

The 2006-2007 budget for the Department of Education continues to support the Government's plan to increase the investment in the social and economic future of all Nova Scotians. Additional resources are provided to all education sectors.

Within the public education system, additional funding is provided to address salary, energy, and operational cost increases. Significant increases in program spending will continue as the Learning for Life II plan builds on the investments of prior years and proceeds into its second academic year. In the current fiscal year, there will be funding increases focused on a number of initiatives to help more students succeed, including those that improve literacy and math skills and further reduce class sizes at the elementary school level. Increased funding is planned for more learning resources and computers in schools. The two year pre-primary pilots will continue. Other initiatives will increase spending to ensure opportunities for success are available to all students, including increased funding for more core professionals and qualified guidance counselors. Programs will be introduced that offer creative educational options to assist all students in becoming valuable and productive participants in Nova Scotia society.

Developing healthy, active students will continue to be a priority.

EDUCATION

Funding will be provided to school boards to ensure a smooth transition to a new funding allocation formula.

Increased funding is provided to implement the third year of the development plan of the Nova Scotia Community College (NSCC), providing 321 new seats for students in the current fiscal year. The additional spending will also fund operational cost increases, and support initiatives of the NSCC.

Increased resources are provided to student assistance programs to improve repayment and employment incentives that reduce student debt.

Funding will be increased for the Nova Scotia School for Adult Learning (NSSAL) to reduce wait lists that have developed as a result of the success of its programs. In addition increased funding is provided for family literacy programs, career development programs, and programs to reduce barriers to employment in industries with identified shortages.

Capital Spending

The capital budget provides funding in fiscal 2006-2007 for the following: the completion of two new schools, Barrington High and Hammonds Plains Elementary; the continuation of three new school projects, Harbourside-Robert Jamieson, Rankin High, and Western Halifax Regional Municipality High; and, the commencement of construction on four new school projects, Musquodoboit Rural High School, St. Pat's-Queen Elizabeth High, Truro South Elementary, and Truro West Elementary. In addition, site preparation work on three new schools, Ecole de Rive Sud, Oxford High and Stewiacke East Elementary will begin.

EDUCATION

The additions and alterations program will enhance and/or replace major school building components in 19 schools in fiscal 2006-2007 to address building condition, environmental and program issues. The safety of students is paramount in addressing the most critical school additions and alterations requirements, and by continuing the replacement and renewal of the school bus fleet.

The Government will continue its strategic multi-year investment in the \$123.0 million capital development plan for the NSCC, focusing resources on developing campuses in Middleton, Truro, Lawrencetown and the Halifax Metropolitan Region.

The budget for 2006-2007 provides increased assistance to universities in accordance with the Memorandum of Understanding with the Council of Nova Scotia University Presidents. The Memorandum provides for predictable funding increases for universities and limits annual tuition fee increases for most programs to 3.9 per cent.

In addition, increased funding is provided to ensure that Nova Scotia offers a Master of Occupational Therapy program consistent with national standards.

The Department of Energy's mission is to deliver maximum economic, social, and environmental benefits from the energy sector by creating partnerships with governments, industry, other provincial departments and local communities to develop, establish and manage the Province's energy policies.

In fiscal 2006-2007, the Department of Energy will play a key role in building a strong economy, securing the future and improving the quality of life for Nova Scotians through the following strategic initiatives:

- mitigate climate change through energy efficiency and renewable energy
- increase investment in offshore and onshore exploration and development
- effective and efficient departmental regulation and operations

To accomplish these initiatives, the department will focus on the following priorities:

- building knowledge
- marketing Nova Scotia
- creating a positive investment climate

Departmental Initiatives - Fiscal 2006-2007

The department will continue to deliver core programs designed to protect and promote:

- the health and safety of people and property;
- a healthy environment;
- employment rights; and,
- consumer interests and public confidence in the pension services, and the alcohol and gaming sectors.

Priorities for fiscal 2006-2007 include: continuing to improve the quality of regulations, strengthen the effectiveness of compliance programs, and build capacity and specialized regulatory expertise within the department; implementing the department's Human Resources Plan which focuses on career management, recognition, work-life balance and leadership; leading implementation of Nova Scotia's Green Plan by building upon the four pillars of the green plan and delivering programs that contribute to the protection of water and air quality and wilderness and natural areas management; advancing improvements to the Workplace Safety and Insurance System; implementing key changes to the Labour Relations Board's processes for duty of fair representation and expedited arbitrations; and, developing an integrated workplace safety strategy that combines initiatives on accident prevention, improving compliance, and new regulatory and non-regulatory instruments.

Departmental Initiatives

The mission of the Department of Finance is to establish a fiscal climate conducive to economic growth and to provide central agency support and policy direction for effective management of the Province's finances.

The department is committed to maintaining the Province's high standards of financial accountability and reporting. The department will continue to review and improve the financial documents of the Province, in consultation with various stakeholder groups, while maintaining or enhancing the Province's compliance with GAAP.

A significant area of focus for the department in the coming year will be to ensure a smooth transition from the current governance and administrative structure of the Investments and Pensions Services division to the Nova Scotia Pension Agency.

In fiscal 2006-2007, a new financial corporate services unit will be created in Service Nova Scotia and Municipal Relations (SNSMR). A total of ten Finance CSU staff will transfer to this new unit as the core financial services team of SNSMR.

New Initiatives

In addition to the continuation of existing healthcare programs and services, the Department of Health has initiated or expanded on several new strategic initiatives including:

- funding towards multi-faceted and a phased Continuing Care strategy aimed at relieving pressure in the Acute Care sector, by ensuring healthcare services and resources are provided to allow every Nova Scotian to live well in a place they call home;
- the establishment of a province-wide tele-health system, which will allow all Nova Scotians to access healthcare advice from anywhere in the province, on a 24/7 basis;
- additional funding to address the escalating cost and utilization of cancer drugs, as well as resources towards administering the related oncology operations within the province;
- sustaining funds to continue with priority Primary Health Care initiatives previously funded through the Federal Primary Health Care Transition Fund;

HEALTH

New Initiatives

(continued)

- resources committed to ensuring access and consideration to the needs of minorities, enabling the department's Diversity and Social Inclusion work to begin expanding into the broader health system;
- expanding community based multi-professional teams, including Nurse Practitioners, Dietitians, Pharmacists, etc;
- additional funding to maintain Capital District Health Authority's (CDHA) methadone treatment program (Direction 180); and,
- increased investment into health research in Nova Scotia.

HEALTH

Financial reporting for District Health Authorities (DHA's) is now shown by each DHA and the IWK Health Care Centre. The following table shows the expenses on the previously used program basis.

HEALTH PROMOTION AND PROTECTION

Honourable Barry Barnet
Minister
5th Floor
World Trade and Convention Centre
Halifax, Nova Scotia
424-5627

Mr. Robert C. Fowler
Deputy Minister
5th Floor
World Trade and Convention Centre
Halifax, Nova Scotia
424-7128

The Department of Health Promotion and Protection was formally created on February 24, 2006 through Order-in-Council #2006-116. The new department will be responsible for all affairs and matters previously assigned to the Office of Health Promotion, and all affairs and matters relating to public health previously assigned to the Minister of Health, including responsibility for the Health Protection Act.

HEALTH PROMOTION AND PROTECTION

The Department of Health Promotion and Protection sets the stage for the development and implementation of an integrated and strengthened public health system that emphasizes both the promotion and protection of Nova Scotians' health and well-being through the following key priorities:

- promoting healthy eating and improving nutritional health by maintaining collaborations among partners;
- leading a coordinated population health approach to youth sexual health;
- increasing physical activity through sport, recreation and facility development;
- promoting tobacco reduction through the implementation of the Province's comprehensive tobacco control strategy;
- providing leadership and ensuring intersectoral collaboration of the Nova Scotia Injury Prevention Strategy;
- providing a continuum of care and service spanning health promotion, addiction prevention, and problem gambling;
- promoting chronic disease prevention by leading the Province's coordinated and integrated multi-year initiatives; and,
- protecting and promoting public health in the areas of communicable disease control, environmental health, and emergency preparedness.

Nova Scotians rely on the Department of Justice to ensure justice is administered properly, fairly and cost-effectively, and that public affairs are carried out according to the law. To meet those expectations, the department maintains strong relationships with dedicated partners in the justice system, and it undertakes activities to build public confidence, help people feel safe and secure, and encourage people to make constructive choices.

In fiscal 2006-2007, the department will:

- improve public safety and security by providing oversight, governance and advice to police, private security services and firearms license holders, and by providing community-based and custody-based correctional services;
- reduce the harmful impact of crime on victims through the provision of assistance to victims of crime;
- improve access to justice, improve public safety and security and encourage people to make constructive choices through principled dispute resolution mechanisms; and,
- promote the lawful administration of public affairs by providing legal services to government and by working closely with our partners inside and outside government.

Mr. Peter Underwood
Deputy Minister
3rd Floor
1701 Hollis Street

The Department of Natural Resources consists of five branches: Land Services, Mineral Resources, Planning Secretariat, Regional Services, and Renewable Resources. The department also hosts the Resources Corporate Services Unit which provides financial, human resources and information technology related services to the department, and to several other departments and agencies within the provincial government.

The department's expenses are devoted to the delivery of a wide range of programs and services aimed at ensuring the sustainability of the province's natural resources by managing them on an integrated basis, and the sound management of Crown land. The department's organization allows these programs and services to be delivered effectively and efficiently.

PUBLIC SERVICE

Public Service consists of resolutions for various agencies, programs and services, which are presented separately in the Estimates by administrative practice or policy. The Minister responsible for the administration of each resolution is noted in the details in the Estimates Book. The Resolutions related to the operations of the Legislature and the Office of the Ombudsman, which are administered by the Speaker, will be introduced by the Government House Leader if they are introduced in the House for debate.

Communications Nova Scotia

Come to Life Initiative - Brand Nova Scotia

In December 2005, the Nova Scotia Come to Life initiative was formally transferred to Communications Nova Scotia (CNS) from the Office of Economic Development. CNS will lead the initiative, on behalf of government, and will work with the private sector to grow Nova Scotia's economy by promoting the province's best qualities – the place, the products, the people.

The Province has committed to a three-year plan for the initiative. In fiscal 2006-2007, the focus will be on bringing the initiative's messages to key arenas throughout Canada, the United States, and worldwide; and, on developing an overall policy framework for government. Efforts will also be made to further engage and involve the private sector in the initiative.

PUBLIC SERVICE

Executive Council

Intergovernmental Affairs

The Province of Nova Scotia officially opened the Ottawa office on February 6, 2006. The opening of the Ottawa office is part of the Province's federal-provincial strategy, which is taking a coordinated corporate approach to intergovernmental relations and increasing Nova Scotia's visibility in Ottawa among senior decision makers. The office will provide the province with a tangible presence in the national capital that will ensure the priorities of Nova Scotians will be well known and well represented.

Nova Scotia Fisheries and Aquaculture

The Office of Fisheries and Aquaculture, which will be known as Nova Scotia Fisheries and Aquaculture, was formally created on February 24, 2006 through Order-in-Council # 2006-121. The new organization is responsible for all affairs and matters relating to fisheries and aquaculture.

Office of Health Promotion

The Department of Health Promotion and Protection was formally created on February 24, 2006 through Order-in-Council #2006-116. The new department will be responsible for all affairs and matters previously assigned to the Office of Health Promotion, and all affairs and matters relating to public health previously assigned to the Minister of Health, including responsibility for the Health Protection Act.

TRANSPORTATION AND PUBLIC WORKS

Honourable Angus MacIsaac
Minister
2nd Floor
Johnston Building
Halifax, Nova Scotia
424-7705

Mr. David Darrow
Deputy Minister
2nd Floor
Johnston Building
Halifax, Nova Scotia
424-4036

Departmental Highlights

All Nova Scotian enterprises, be they private, public, social or cultural, begin with basic infrastructure. It is the management of this infrastructure that defines the mandate of the Department of Transportation and Public Works.

Transportation and Public Works is an infrastructure department that:

- provides services, direct or procured, to Nova Scotians and other government departments;
- focuses on our clients; and,
- commits to safety, cost-effectiveness and quality

Transportation and Public Works is charged with investing public dollars wisely so all Nova Scotians can benefit from improvements to public highways and buildings and the delivery of government services in support of departments.

TRANSPORTATION AND PUBLIC WORKS

Good infrastructure is sound investment. It is an investment in people, in their safety, and in their quality of life. Good highways give commuters peace of mind and give industry more reasons to choose Nova Scotia. Good maintenance programs protect buildings that belong to the public.

Nova Scotia needs solid infrastructure to build a strong future. The department is working towards fulfilling its commitment to provide the best possible highway, building and related infrastructure. Transportation and Public Works' full-time and seasonal workforce remains committed to delivering solid service that enhances the safety of all Nova Scotians.
