

MSDS CONTRIBUTOR INFORMATION

MSDS DATABASE COLLECTIONS

The MSDS database contains the complete unaltered text of manufacturer's and suppliers' MSDS collections supplied voluntarily to CCOHS.

Collections will be accepted for inclusion in the CCOHS MSDS database on the understanding that:

- the contributor has prepared the MSDSs and is responsible for their content and accuracy;
- the complete MSDS collection is provided to CCOHS (preferred);
- new and revised MSDS are provided on a regular schedule;
- the MSDS database is publicly distributed on CD-ROM, the WWW, and online electronic networks;
- the collection may be withdrawn from the database at any time on the contributor's request.
