Auto Insurance Premiums

The Automobile Insurance Rate Board's annual review determines the amount of any premium adjustments for basic automobile insurance coverage in Alberta.

As part of the review process, the Board wants to hear from Albertans regarding any concerns about auto insurance premiums for private passenger vehicles. The Board will hold public input sessions in April and May. These will be followed by the annual adjustment hearings in June 2006.

How to Speak Up

To let the Board's Consumer Representative hear about your experience in Alberta's auto insurance market, you can:

- Schedule a meeting to discuss your concerns about auto insurance premiums.
