

High school completion roundtable sessions

Youth across Alberta shared their views on high school completion through a series of 19 roundtables held in 10 communities. While some youth roundtables had a cross-section of youth, others focused on a particular population such as Aboriginal youth, Francophone youth, youth involved in English-as-a-Second Language (ESL) programming, and youth involved in the criminal justice system.

- Calgary – 4 sessions:
 - AADAC Youth Services
