INTRODUCTION

The Alberta Gaming and Liquor Commission (AGLC) is responsible for licensing and regulating gaming and liquor activities in Alberta. Its mission is *“to ensure that gaming and liquor activities in Alberta are conducted with integrity and social responsibility and to maximize long term economic benefits for Albertans.”*

Amongst other responsibilities, the AGLC is responsible for ensuring that the appropriate policies and regulatory regimes are in place to prevent minors from purchasing liquor. The *Gaming and Liquor Act* and AGLC policies make it mandatory for all licensees to demand satisfactory proof of age from anyone who appears to be under the age of 25 who attempts to enter a licensed premises or purchase liquor.

One major concern raised by the public, municipalities, and police following the privatization of the retail liquor industry was that minors would gain increased access to liquor.

The industry provided assurances that they could ensure liquor was sold in a socially responsible manner including keeping liquor out of the hands of minors.

In the years after privatization, in spite of the industry's efforts, concerns continued to be raised about minors gaining access to liquor from liquor stores, and other licensed premises such as bars, lounges, restaurants, etc. In response to these concerns the AGLC put in place a policy that licensees and their staff require photo identification from anyone who appears to be under 25 years of age prior to purchasing liquor. This policy complements the *Gaming and Liquor Act* which states that licensees must ask anyone appearing to be a minor for photo identification prior to purchasing liquor. This policy was put in place for retail liquor stores in 1994. The policy was then extended to all liquor licensees in 1996.

The issue of minors attempting to purchase liquor is, and always has been, a concern of the AGLC. Over the last three years, the AGLC has placed an increased emphasis on ensuring that all licensees are aware of the policies and that they are complying with these policies. This report describes the activities undertaken by the AGLC in this regard and in particular the results of the 2004 concentrated enforcement initiative designed to measure the liquor industry's level of compliance with the policy to request identification from anyone who appears to be under the age of 25.

LEGISLATION AND POLICY

Alberta

Prior to 1993 when the Alberta Liquor Control Board was responsible for the retailing of liquor, it had policies in place to ensure that staff asked for appropriate identification to prevent minors from purchasing liquor. When the retailing of liquor was privatized in 1993, the private sector retailers were required to follow the same policies and the AGLC, through its regulatory role, became responsible for ensuring that the policies were being complied with by the private sector retailers.

The AGLC may issue the following penalties to a licensee that has failed to comply with the *Gaming and Liquor Act*, Regulation or Policy.

- Issue a warning;
- Impose conditions on the licence or rescind or amend existing conditions on the licence;
- Impose a fine of not more than \$200,000; or
- Suspend or cancel the licence.

Today, the *Gaming and Liquor Act* requires staff of licensed premises to request identification from a person who appears to be a minor. Sections 74, 75, 87 and 88 of the *Gaming and Liquor Act* state that no person may give or sell or permit any person to give or sell liquor to a minor in licensed premises. These sections also state that no minor may purchase, obtain or possess liquor except when provided by an adult who is a parent, guardian or spouse in a residence or temporary residence, or by a member of a clergy or other religious leader in the performance of religious ceremonies or sacraments. Section 61 (1) of the *Gaming and Liquor Act* authorizes the AGLC to impose conditions respecting the activities authorized by a liquor licence.

The entire content of the *Gaming and Liquor Act* and Regulation are available on the AGLC web site at www.aglc.gov.ab.ca.

AGLC policy developed under the authority of section 61 of the *Act* requires that staff of licensed premises request proof of age when anyone who appears to be less than 25 years of age attempts to purchase liquor or enter a minors prohibited premises. These policies are included in the various licensee handbooks including:

- Section 6.1.12 of the Licensee Handbook
- Section 4.2.3 of the Retail Liquor Store Operating Guidelines, and
- Section 5.2.2 of the General Merchandise Liquor Store Operating Guidelines.

The policies also identify the acceptable forms of identification that must be presented upon request. All AGLC policies, including the above-mentioned handbooks are available on the AGLC web site at www.aglc.gov.ab.ca.

Other Jurisdictions

Other jurisdictions have similar liquor legislation and policies.

- In British Columbia and Manitoba staff in licensed premises are required to request photographic identification from any person who appears to be under the age of 25 years. In British Columbia two pieces of identification are required.
- In Saskatchewan licensees must check for identification from any person who appears to be a minor (under the age of 19 years).
- In Ontario licensees and staff are also required to request proof of age from anyone who appears to be under the age of 19 years; however, many licensees have a house policy that requires patrons who appear to be under the age of 25 years to show identification.
- In PEI no person under the age of 19 years is permitted in licensed premises and licensees are requested to demand that patrons who appear to be under the age of 25 years show identification.
- Although checking for identification is not mandated in the Northwest Territories, licensees are encouraged to request identification from anyone who appears to be under the age of 25.

Penalties for licensees admitting minors without having taken appropriate measures usually result in suspensions varying in length from 3 days for a first offence to 20 days for subsequent offences up to suspension of the licence and/or fines ranging from \$175 to \$5000 depending on the provincial jurisdiction.

Minors may be charged by police in all provincial jurisdictions resulting in fines ranging from \$50 to \$1400 depending on the jurisdiction.

AGLC ENFORCEMENT 2004

As a result of the audits conducted in 2002 and 2003, the Board of the AGLC directed that steps be taken to further increase compliance with the Under 25 identification policy. These steps included:

- A program (similar to the 2003 program) be implemented in 2004;
- Alternatives be investigated to penalizing liquor clerks and servers who do not follow policies regarding requiring identification from anyone who appears to be under the age of 25; and
- Prior to the commencement of the 2004 audits, the AGLC would advertise, in major Alberta newspapers, the impending enforcement initiative.

In preparation for the 2004 initiative, a new awareness package containing a “Hard to Tell – Have to Ask” poster, the existing “It’s the Law “ poster, a brochure and a “How to Identify Minors” guide were developed to increase the profile of the program for licensees and the general public. Samples of the posters, brochure and the minors guide are set out in Appendices 1, 2 and 3.

In March 2004, Grant MacEwan College in Edmonton and Mount Royal College in Calgary were again contacted to commence the selection process for 6 casual Inspectors from their respective Law Enforcement and Security Diploma programs. Once again, the Inspectors’ main responsibility was to audit liquor premises to determine licensees’ compliance with the AGLC policy requiring licensees to demand appropriate identification from any person who appears to be less than 25 years of age. The photographs of the students hired are included in Appendix 4.

On April 1, 2004, key stakeholders were sent a letter from the AGLC advising them of the 2004 enforcement initiative. This letter is included as Appendix 5. Included in the awareness packages were the newly developed “Hard to Tell – Have to Ask” poster and the original “It’s the Law” poster, as well as brochures to give customers so they understand the policy.

On May 12, 2004 all Class A, B, C and D licensees were provided with a letter from the AGLC reminding them of their obligation to adhere to policy guidelines requiring that they demand proof of age from anyone who appears less than 25 years of age. Licensees were advised that the results of the audit in 2003 were improved and that the AGLC would be conducting another audit in the summer of 2004. This letter is included as Appendix 6.

In May 2004, advertisements were placed in major newspapers to help ensure all licensees, their staff, and the general public were aware of the under 25 ID policy. A sample newspaper ad is set out in Appendix 7. On May 25, 2004 the AGLC website was updated to include the 2004 awareness package material.

Audits were conducted in May, June, July and August 2004. Audits were conducted by teams of Inspectors that included a mix of the students hired from Grant MacEwan and Mount Royal and full time AGLC Inspectors. The teams always had at least one full time AGLC Inspector. In this third audit, all licensees who were not in compliance, were audited a second time. The compliance rate for 1659 licensees on the first visit was 83%. Complete audit results are set out in Appendix 8.

A summary of the results of the audit is as follows:

Type of Venue	Total Visited	Requested ID		Did not request ID	
		Number	%	Number	%
Convention Centres	1	1	100%	0	0%
Clubs	3	2	67%	1	33%

Recreational Facilities	25	21	84%	4	16%
Theatres	1	1	100%	0	0%
	1659	1385	83%	274	17%

Licensees in compliance with the policy received a letter of congratulations, a sample of which is included as Appendix 9.

Those who were found to be in violation of the policy on the first audit in 2004 were issued a warning and advised that a second audit would be conducted. These licensees were notified by letter, a sample of which is included as Appendix 10.

A total of 274 licensees received a warning and required a follow-up audit. One licensee did not have a follow-up audit because of the sale of the premises. 236 licensees were in compliance on the second audit, an 86% compliance rate. The complete 2004 follow up audit report is contained in Appendix 11.

Type of Venue	Total Visited	Requested ID		Did not request ID	
		Number	%	Number	%
Clubs	1	1	100%	0	0%
Restaurants	77	69	90%	8	10%
General Merchandise Liquor Stores	4	3	75%	1	25%

The 37 licensees who were found to be in violation of the policy on the second audit in 2004 were offered a specified penalty of \$750 or a 3-day suspension.

The results of the specified penalty offered to the 37 licensees who did not request ID on the second visit in 2004 are:

- 28 licensees paid \$750
- 2 licensees accepted a 3-day suspension
- 8 licensees requested a hearing
- 7 Hearings are pending and scheduled to take place in November, 2004

The AGLC was advised that licensees were concerned staff who sold liquor without asking for identification were not being penalized. As a result AGLC took this under consideration and licensee's staff who served the liquor received a caution letter. A sample of the caution letter to licensee staff is included as Appendix 12.

During previous audits, liquor licensees had advised the AGLC of their concern that young employees were intimidated by their peers into not asking for the required identification. As a result, during the 2004 audit, the AGLC estimated the age of the servers that complied or did not comply with the policy to ask for identification from individuals who appeared to be under the age of 25.

A summary of the ages of servers in 2004 is as follows:

Estimated Server Age	Total Audits	Requested ID		Did not request ID	
		Number	%	Number	%
Unknown	20	6	30%	14	70%
18 – 24	737	597	81%	140	19%
25 – 30	330	278	84%	52	16%
31 – 35	238	219	92%	19	8%
36 – 40	172	153	89%	19	11%
41 – 45	231	203	88%	28	12%
46 – 50	89	76	85%	13	15%
51 – 55	57	44	77%	13	23%
56 – 60	38	32	84%	6	16%
61 – 65	15	10	67%	5	33%
66 – 70	2	2	100%	0	0%
71 – 75	4	2	50%	2	50%

As the chart illustrates, there does not appear to be a direct correlation between the age of the server and whether or not they would ask for the appropriate identification.

CONCLUSIONS AND RECOMMENDATIONS FOR 2005

The 2004 audit illustrated that there was considerable improvement in the compliance rate over the span of the three year program from 23% in 2002, to 67% in 2003 to 83% in 2004.

Year	Total Visited	Requested ID		Did not request ID	
		Number	%	Number	%
2002	662	153	23%	509	77%
2003	1075	717	67%	358	33%
2004	1659	1385	83%	273	17%

The AGLC's increased emphasis on ensuring compliance through the implementation of the awareness program and the enforcement of the policies has been successful.

On September 23, 2004 a report was forwarded to the Board of the AGLC. The Board directed that a similar program be implemented in 2005 including:

- Casual Inspectors hired to conduct the 2005 audit;
- Key stakeholders advised of the upcoming audit;
- All Class A, B, C and D licensees advised of the audit;
- Advertisements placed in major Alberta newspapers to ensure licensees, their staff, and the general public are aware of the under 25 ID policy;
- Premises identified by AGLC audited based on the following criteria:
 - licensees who were not in compliance with the policy in 2004;
 - licensees who were not in compliance with the policy in 2003;
 - a random selection of licensees to a total of 1600 premises; and
- A second audit to be done on licensees not in compliance on the first visit.

Did you know...

A customer purchasing liquor who appears to be under the age of 25 is required to produce identification upon each entry into a minors prohibited establishment.

Did you know...

Every individual in the liquor business must assume responsibility for ensuring minors are not being served liquor.

Did you know...

All staff of licensed premises should be vigilant to ensure safeguards are in place to prevent minors from accessing liquor.

Why would a licensee be penalized for serving liquor to someone of legal age?

Licensees are expected to comply with all liquor laws and policies. This policy was put in place to help ensure no one under the age of 18 is able to purchase liquor.

The Under 25 ID policy has been in place in Alberta for 10 years. Most other provincial jurisdictions have similar liquor licence policies in place that require proof of age from anyone appearing under the age of 25.

Licensees could be penalized if they serve anyone who appears under 25 without asking for ID.

Hard to Tell. Have to Ask.

Are these individuals over 18? It is hard to tell, so you have to ask.

What is the Under 25 ID Policy?

The legal drinking age in Alberta is 18. However, the Alberta Gaming and Liquor Commission (AGLC) has a policy in place that requires all liquor licensees and their staff to request photo identification when a customer purchasing liquor appears to be under 25.

Why was the Under 25 ID policy introduced?

The policy was put in place in 1994 after the public voiced concerns that minors were accessing liquor in spite of the industry's best efforts to curb these sorts of incidents. Since the policy was introduced, the AGLC has conducted two audits. The first audit in 2002 showed the liquor industries were only 23 per cent compliant with the Under 25 ID policy. A second audit the next year showed a real improvement with over 67 per cent of licensees complying.

Acceptable picture ID includes:

- Alberta Registries Operator's Licence
- Alberta Registries Identification Card
- Passport
- Firearms Licence
- Armed Forces ID
- Out-of-Province Operator's Licence
- Indian Status Certificate
- Immigration Authorization Card

In the event that the picture ID is questioned, then a second piece of ID is required.

Acceptable secondary ID includes:

- Birth Certificate
- Social Insurance Card
- Citizenship Certificate
- Baptismal Certificate
- Foreign Government Visa

How do you judge if someone is under 25?

Sometimes it is hard to tell if an individual is 18, so a licensee must ask for identification from anyone who appears under 25 in order to prevent minors (those under 18) from accessing liquor.

What happens if you don't ask for ID and/or sell liquor to a minor?

A licensee could face penalties such as a \$750 fine, a three day suspension of the liquor licence, or even possible cancellation of the licence for not asking for ID.

A licensee could face penalties such as a \$2,000 fine, an eight-day licence suspension of the liquor licence up to possible cancellation of their licence for serving alcohol to a minor or allowing a minor to purchase alcohol.

How to Identify Minors — Tips for Liquor Licensees and Staff (March 2003)

What is the Alberta Gaming and Liquor Commission's (AGLC) policy on asking for identification?

- AGLC policy states, "staff should demand proof of age when a person of questionable age attempts to buy liquor."
- "Questionable Age"... Anyone who **appears** to be less than 25 years of age.

Did you know...

- Anyone appearing under the age of 25 should produce identification upon **each** entry.
- Supervisory staff must ensure adequate steps are in place to identify minors.
- All employees are responsible.
- All entry points must be monitored at all times.

How do you judge if someone is under 25?

It is a judgment call based on your experience with young people. The point is if you're not sure...**ASK!** It is the only way to ensure you are meeting the policy.

What happens if you don't ask for ID and/or sell liquor to a minor?

The penalty a licensee faces for not asking for ID can range from a \$750 fine or a three day suspension to possible cancellation of the licence.

The penalty a licensee faces for serving alcohol to a minor or allowing a minor to purchase alcohol can range from a \$2,000 fine or an eight-day suspension to possible cancellation of their licence.

A licensee may choose to challenge the penalty at a Board hearing. The AGLC Board can issue penalties ranging from a warning to a \$200,000 fine or a suspension/cancellation of the licence.

Acceptable forms of ID include:

- Driver's Licence
- Alberta Registries Identification Card
- Passport
- Photo Possession Only Licence
- Photo Possession and Acquisition Licence
- Photo Firearm Acquisition Certificate
- Armed Forces ID
- Out-of-Province Photo Driver's Licence
- Indian Status Card
- Immigration Authorization Card

If you have any doubts, ask for a second piece of ID.

Acceptable forms of secondary ID include:

- Birth Certificates
- Social Insurance Cards
- Citizenship Cards
- Baptismal Certificates
- Foreign Government Visas
- Firearm Acquisition Certificates (without a photo)

Suggested questions to confirm the authenticity of the ID

- When is your birthday?
- How do you spell your middle name?
- What is your Postal Code?
- What color are your eyes?

Asking for a signature will also help confirm the ID's authenticity. Make sure to note the slope of writing that the customer uses when signing.

Examining the photo ID

- Has the plastic laminate been tampered with (e.g. are there bubbles or is it peeling)?
- Has the lettering been altered (the typeface doesn't match or pieces of paper are placed over the original numbers)?
- Photo doesn't match the appearance of the customer.

How to say "NO"

- Decline sale or service.
- Be professional and courteous.
- Indicate to the consumer that the AGLC prohibits sale or service to minors.
- Refer to signage (if available).
- Ask the consumer to leave.
- Request assistance from the supervisor if necessary.

How to handle an abusive customer

- Stay calm.
- Be professional and courteous.
- Refer the customer to the supervisor or manager.
- Notify management and the authorities if necessary.
- Attempt to note descriptive details.

All disciplinary actions are posted on the AGLC Web site at www.aglc.gov.ab.ca.

Dear Mr.

The Alberta Gaming and Liquor Commission (AGLC) will be making available on our website, a report titled *Under 25 Initiative, Findings and Recommendations*. The AGLC website is www.aglc.gov.ab.ca, and the report will be available on the website April 5, 2004. I have enclosed a copy of that particular report.

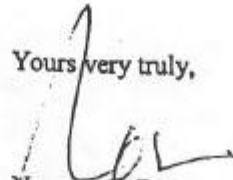

The issue of minors attempting to purchase liquor is, and always has been, a concern of the AGLC. Over the past two years the AGLC, in conjunction with the industry, has placed an increased emphasis on ensuring that appropriate policies and regulatory regimes are in place to prevent minors from purchasing liquor. This report describes the activities undertaken by the AGLC in this regard, and in particular, the results of two initiatives designed to measure the liquor industry's level of compliance with the policy to request identification from anyone who appears to be under the age of 25.

The audits illustrated that there was a distinct improvement in the compliance rate from 23% overall in 2002, to 67% in 2003. It appears that the AGLC's increased emphasis on ensuring compliance, as well as the concerted effort by the industry to comply with policy, are working. There is, however, still room for improvement.

The AGLC will be conducting a similar audit in the spring and summer of 2004. It is requested that you advise your membership of the upcoming audit, and request their continued diligence in ensuring compliance.

Thank you for your assistance in this matter.

Yours very truly,

Norman C. Peterson

TO: ALL CLASS A, B, C AND D LICENSEES (Including Duty Free Stores)

In the spring and summer of 2004, the Alberta Gaming and Liquor Commission (AGLC) will be conducting an audit to check liquor licensees' compliance of the policy that requires licensees and their staff to ask for identification from anyone attempting to purchase liquor who appears to be under 25 years of age.

The AGLC takes the issue of minors trying to obtain liquor very seriously. Sometimes it is hard to tell if an individual is 18, so a licensee must ask for identification in order to reduce or eliminate situations where minors (those under 18) are not asked for ID, and are able to purchase liquor.

The policy was introduced to liquor stores in 1994 and extended to all liquor licensees in 1996. An audit conducted in 2002 showed that only 23 per cent of licensees were complying with the policy. In 2003, AGLC conducted another audit across the province to determine the number of licensees complying with the Under 25 ID policy. During last year's audit 67 per cent of licensees asked for identification, a significant improvement from the 2002 results. We are optimistic the results of the 2004 audit will show a significant improvement over the 2003 statistics.

Every individual in the liquor business must assume responsibility for ensuring liquor is not served to minors. Please ensure both you and your staff are aware of the requirements set out in AGLC Policy. Attached is an information package, which includes the "*Hard to Tell - Have to Ask*" and the "*It's the Law*" posters to be placed in your premises, and brochures to give customers so they understand the policy. The AGLC has also arranged to have notices regarding the audit placed in all major newspapers to help ensure all licensees, their staff, and the general public are aware of the Under 25 ID policy.

Yours truly,

Gerry McLennan

Dear Mr. _____:

The Alberta Gaming and Liquor Commission (AGLC) has conducted audits to determine whether or not licensees are adhering to the policy guideline which requires that liquor licensees must demand proof of age from all persons of questionable age (anyone who appears less than 25 years of age).

On July 5, 2004 your premises was audited. Congratulations! You or your staff took the time and effort to ensure liquor products are not being provided to possible young persons. Everyone involved in the sale and/or service of liquor products has both a social and a legal obligation to make sure only adults have access to liquor. You, by way of your actions, have exhibited your knowledge and understanding of the AGLC Board Policies.

The AGLC appreciates your attentiveness regarding the sale and/or service of liquor and salutes the initiative shown by yourself regarding the requirement to demand photographic identification from all persons of questionable age.

Thank you and congratulations.

Yours very truly,

Norman C. Peterson
Chairman and Chief Executive Officer

Dear Mr. :

Following receipt of information regarding a violation of the Gaming and Liquor Act and Board Policy as detailed below, I wish to advise that a caution is issued to you for:

Contravention of Section 61(1) Gaming and Liquor Act, pursuant to Section 6.1.12
Licensee Handbook: Failure to request identification from a person who appears to be under 25 years of age.

The Alberta Gaming and Liquor Commission (AGLC) takes the issue of minors trying to purchase liquor very seriously. The policy requiring licensees to request photo identification from a person that appears to be under 25 years of age was introduced to liquor stores in 1994 and extended to all liquor licensees in 1996 after the public voiced concerns that minors may be accessing alcohol.

This caution has been recorded on the licensee's file. Additional audits will be conducted at this premises to ensure compliance with the AGLC's Under 25 identification policy.

Yours truly,

Gerry McLennan
Executive Director
Regulatory Division
