

Alberta Learning Information Service

www.alis.gov.ab.ca

The Alberta Learning Information Service (ALIS) is a website provided through a provincial partnership of Alberta Human Resources and Employment, Alberta Education and Alberta Advanced Education. ALIS receives about 2 million visits per year.

ALIS is for everyone interested in exploring career, learning and employment choices – students, parents, job seekers, workers, employers, educators and career practitioners.

ALIS helps Albertans:

- plan their careers
- research information on occupations and labour market trends
- find information on education and training programs and post-secondary institutions
- find information about students' finance and apply for funding on-line
- apply online for admission to participating learning institutions
- check out scholarship information
- search for work

ALIS highlights include:

Electronic Student Loan Application provides students with the ability to apply for financial assistance using the Internet. The electronic format automates and simplifies the application process.

e-Career Shop is an online catalogue featuring over 80 current, well-researched, easy to understand publications and posters about career planning, the workplace and the labour market. Click on www.alis.gov.ab.ca/careershop to place a product order or download a free PDF version of select publications.

Looking for Work - ALIS can help with job searches by exploring work opportunities in Alberta, Canada and beyond.

Career Information Hotline

Link directly to the Career Information Hotline, a consulting and referral service to help Albertans make informed career, education and employment decisions. Career consultants are available by email, telephone and fax. www.alis.gov.ab.ca/hotline

Other ALIS services to check out:

EDinfo provides information on post-secondary schools in Alberta and their programs as well as distance learning programs available in Western Canada. www.alis.gov.ab.ca/edinfo

OCCinfo has up-to-date Alberta specific information for over 500 occupational profiles. Each profile presents information about an occupation including duties, working conditions, educational requirements, salary and more. www.alis.gov.ab.ca/occinfo

WAGEinfo provides information on salary and wage ranges for close to 500 occupations in Alberta. The database provides information by occupation, geographic area and industry group, and includes information on starting wages, top wages, salaries, and more. www.alis.gov.ab.ca/wageinfo

CERTinfo provides information on certification and registration requirements for more than 60 Alberta occupations that are governed by Alberta legislation and regulations. www.alis.gov.ab.ca/certinfo
