Youth Connections

Program

Youth Connections is designed to prepare young people for learning and work by providing them with career and employment assistance.

Youth Connections offers a range of services that encourage and support youth in making more informed career, employment and training choices.

Clients

Albertans aged 16-24 who may be in school, out of school, employed, unemployed or underemployed who require assistance with career preparation services.

Services

- career and Employment planning/counseling
- workshops relating to resumé preparation, job search, interview skills, labour market information, workplace health and safety and more
- access to work exposure activities, such as job shadow, work experience, training on the job and mentorship opportunities
- development of client investment plans and flexible work-study approaches when appropriate
- assistance in connecting to work and learning opportunities
