Auditor's Report

To the Directors of The Government House Foundation

I have audited the statement of financial position of The Government House Foundation (the Foundation) as at March 31, 2006 and the statements of operations and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2006 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Notes to the Financial Statements
Year ended March 31, 2006

Note 1 Authority and Purpose

The Government House Foundation (Foundation) operates under the authority of the *Government House Act*, Chapter G-9, Revised Statutes of Alberta 2000.

The purpose of the Foundation is:

- To advise the Minister on the preservation of Government House as a historic site and building;
- To inform and stimulate the interest of the public in the historical and architectural development of Government House; and
- To solicit and receive, by gift, bequest, devise, transfer or otherwise any personal property for use or display in Government House.

The Foundation is a crown agent of the Government of Alberta and as such has a tax exempt status.

Note 2 Summary of Significant Accounting Policies and Reporting Practices

The recommendations of the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants are the primary source for the disclosed basis of accounting. These financial statements are prepared in accordance with the following accounting policies that have been established by government for all entities.

(a) Reporting Entity

The reporting entity is the Government House Foundation, which is part of the Ministry of Community Development (Ministry) and for which the Minister of Community Development (Minister) is accountable. The Ministry Annual Report provides a more comprehensive accounting of the financial position and results of the Ministry's operations for which the Minister is accountable.

(b) Basis of Financial Reporting

Revenues

All revenues are reported on the accrual method of accounting. Cash received for which goods or services have not been provided by year end is recorded as unearned revenue.

Donations of materials and services that would otherwise have been purchased are recorded at fair value at the date of donation, when fair value can reasonably be determined.

Note 2 Summary of Significant Accounting Policies and Reporting Practices (continued)

(b) Basis of Financial Reporting (continued)

Revenues (continued)

Internal Government Transfers

Internal government transfers are transfers between entities within the government reporting entity where the entity making the transfer does not receive any goods or services directly in return.

Expenses

Directly Incurred

Directly incurred expenses are those costs the Foundation has primary responsibility and accountability for, as reflected in the Government's budget documents.

Incurred by Others

Services contributed by other entities in support of the Foundation's operations are disclosed in Schedule 3.

Artworks and Collections

Artworks are not recorded as assets. Purchases of artworks are expensed in the period in which the items are acquired. Donations of artworks and collection items are reported as revenue and expenses at their fair value when fair value can be determined. When fair value cannot be reasonably determined, these donations are recorded at nominal value.

Proceeds from the disposition of artworks can only be used to acquire other items to be added to the collection or for the direct care of existing artworks.

Assets

Financial assets of the Foundation are limited to receivables from other organizations.

Liabilities

Liabilities are recorded to the extent that they represent present obligations as a result of events and transactions occurring prior to the end of fiscal year. The settlement of liabilities will result in sacrifice of economic benefits in the future.

Note 2 Summary of Significant Accounting Policies and Reporting Practices (continued)

Valuation of Financial Assets and Liabilities

Fair value is the amount of consideration agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act.

The fair values of accounts receivable and accounts payable and accrued liabilities are estimated to approximate their carrying value because of the short-term nature of these instruments.

Note 3 Cash

Cash consists of deposits in the Consolidated Cash Investment Trust Fund (CCITF) of the Province of Alberta. The CCITF is managed by Alberta Finance with the objective of providing competitive interest income to depositors while maintaining appropriate security and liquidity of depositors' capital. The portfolio is comprised of high quality short-term and mid-term fixed income securities with a maximum term to maturity of three years. Interest is earned on the Foundation's daily cash balance at the average rate of the CCITF earnings, which varies depending on prevailing market interest rates.

Due to the short-term nature of these deposits, the carrying value approximates fair value.

Note 4 Artworks and Collections

The Government House Foundation actively collects various significant items pertaining to the history of Government House. The collection is accessible to the public and consists of paintings, drawings, prints, sculptures, furnishings, books and silverware. The majority of the collection is used or displayed in Government House, while some items are on loan to other provincial institutions.

At March 31, 2006, the collection consisted of approximately 388 (2005 – 379) pieces of artworks and other items, with an approximate value of \$978,417 (2005 – \$948,342). During the year, the Foundation purchased 5 artworks at a total cost of \$22,900 (2005 – Nil). Contributions to the collections included 4 artworks and other items with an appraised value of \$7,715 (2005 – Nil), and there were no dispositions during the year (2005 – Nil).

Note 5 Contractual Obligations

At March 31, 2006, the Foundation had commitments in the amount of approximately \$7,800 (2005 – \$4,700) relating to service contracts.

Note 6 Approval of Financial Statements

The financial statements were approved by the Board of Directors.
