AUDITORS' REPORT

To the Board of Directors Suzuki Charter School Society

We have audited the statement of financial position of the Suzuki Charter School Society as at August 31, 2003 and the statements of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the charter school's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the charter school as at August 31, 2003 and the results of its operations, changes in cash flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

August 31, 2003

1. Authority and Purpose

The Society delivers education programs under the authority of the School Act, Chapter S-3, Statutes of Alberta, January 1, 2002.

The Society receives block allocations for instruction and support under Regulation 72/95. The regulation limits funding and expenses for administration. It permits the Society, within specified limits, to reallocate funding between the instruction and support blocks.

2. Significant Accounting Policies

a) Revenue Recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received or receivable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with.

b) School Generated Funds

Funds generated from school based activities are included as assets, liabilities, revenues and expenses of the school because the accountability and control/ownership of these funds rests with school officials or their appointee(s).

c) Contributed Services

Volunteers assist the Charter School in carrying out certain activities. Because of the difficulty of determining their fair value and of the fact that such assistance is generally not otherwise purchased, contributed services are not recognized in the financial statements.

d) Capital Assets

Capital assets are amortized commencing in the fiscal year following the year of acquisition on a straight line basis over the estimated useful life of the asset as follows

Buildings	25 years
Computer equipment	5 years
Musical equipment	10 years
Stage equipment	10 years

Only capital assets with cost in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized over the same period as the related asset.

Notes to Financial Statements

August 31, 2003

2. Significant Accounting Policies (continued)

e) **Financial Instruments**

The jurisdiction's financial instruments consist of cash, accounts receivable, accounts payable and accrued liabilities. It is management's opinion that the jurisdiction is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values.

f) Measurement Uncertainty

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

g) Pensions

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teacher Pension Plan Act, Suzuki Charter School Society does not make pension contributions for certificated staff.

Notes to Financial Statements

8. Operations and Maintenance Program (Schedule F)

Suzuki Charter School Society leases premises from Edmonton Catholic Schools and two portable classrooms from AltaFab Structures Ltd.

The lease with Edmonton Catholic Schools includes preventative maintenance, custodial services, fire/security/safety systems, site and ground maintenance and utilities. The lease agreement is based on \$8.00 per square foot and provides only an allocation of the costs for the custodial services as outlined. Further cost allocation was not available from Edmonton Catholic Schools. For purposes of these financial statements, total lease payments have been included in the category of Preventative Maintenance under the expenditures of contracted services net of \$21,300 which was included in the category of Custodial under the expenditures of contracted services.

The portable classrooms are recorded in the financial statements as capital leases. The principal repayments are recorded on the balance sheet (Note 6). Amortization and interest payments are recorded on Schedule F in the category of Capital & Debt Services and Transfers. A portion of the surplus in Schedule F is due to the difference between amortization and principal repayment as follows:

Principal repayments	\$ 12,482
Amortization	4,300
Surplus	\$ <u>_8,182</u>

9. Economic Dependence

Suzuki Charter School Society's primary source of income is from the Alberta Government. The ability to continue viable operations is dependent on this funding.

10. Correction of Prior Period Error

These financial statements have been adjusted for the reclassification of debt principal repayments that were incorrectly recorded as Unrestricted Net Assets in prior year. Accordingly, opening Unrestricted Net Assets have been reduced by \$20,128 and Investment in Capital Assets has been increased by \$20,128 on the Statement of Changes in Net Assets.

11. Comparative Figures

Comparative figures have been reclassified where necessary to conform with current year presentation.
