Auditors' Report

To the Board of Trustees of the Holy Family Catholic Regional Division No. 37

We have audited the statement of financial position of the Holy Family Catholic Regional Division No. 37 as at August 31, 2003 and the statements of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the division's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the school division as at August 31, 2003 and the results of its operations and changes in its cash. flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A to G1 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Holy Family Catholic Regional Division No. 37 Notes to the Financial Statements

August 31, 2003

1. Authority and Purpose

The School Division delivers education programs under the authority of the School Act, Chapter S. 3.1, Statutes of Alberta, 1988.

2. Summary of Significant Accounting Policies

The financial statements are prepared in accordance with generally accepted accounting principles with the following significant accounting policies.

Revenue Recognition

Revenue is recognized as follows:

- 1. Instruction and support allocations are recognized in the year in which it is received.
- 2. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.
- 3. Capital allocations from the province or other agencies are recorded as deferred capital contributions until spent. Once spent, they are transferred to the unamortized capital allocation balance and are recognized as revenue in the periods in which the amortization expense for these capital assets is recorded. Amounts invested in unamortized capital assets are recorded as direct increases in net assets.
- 4. Unrestricted donations are recognized as revenue when received or receivable. Donations inkind are recorded at fair market value when reasonably determinable.
- 5. Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment funds which are to be retained as net assets are recorded as direct increases in trust assets and liabilities.

Capital Assets

Capital assets are recorded at cost. Items costing less than \$5,000 are expensed when purchased.

Capital assets are amortized on a straight- line basis over the assets' estimated useful life as follows:

Vehicles	5 years
Buildings	10 to 40 years
Furniture and equipment	5 to 10 years

School generated funds

Funds generated from school-based activities are included as assets, liabilities, revenues and expenses of the school jurisdiction because the accountability and control/ownership of these funds rests with school jurisdiction officials or their appointees.

Cash and cash equivalents

Cash and cash equivalents include cash on hand and balances on deposit with banks.

Holy Family Catholic Regional Division No. 37 Notes to the Financial Statements

August 31, 2003

2. Summary of Significant Accounting Policies (continued)

Contributed services

Volunteers assist schools operated by the School Division in carrying out certain activities. Because of the difficulty of determining their fair value and of the fact that such assistance is generally not otherwise purchased, contributed services are not recognized in the financial statements.

Financial Instruments

The carrying value of accounts receivable, bank loans, accounts payable and accrued liabilities approximates their fair value because of the short-term maturities of these items.

The carrying value of long-term debt approximates their fair values because the interest rates approximates market value.

Measurement Uncertainty

The financial statements by their nature, contain estimates and are subject to measurement uncertainty. The accounts recorded for amortization of capital assets are based on estimates of the useful life of the related assets. The effect, on the financial statements, of changes in such estimates in future periods could be significant.

Pension obligation

The pension obligation is the School Division's portion of the Local Authorities Pension Plan's (LAPP) total unfunded pension liability, including deferred adjustments arising from experience gains and losses and changes in actuarial assumptions. The portion is determined as the ratio of pensionable earnings of the School Division's uncertificated employees to all those in the plan.

Pension expense includes pension obligations earned by uncertificated employees during the year, interest on the unfunded pension obligation, amortization of deferred adjustments over the expected average remaining service life of employees, and the effect of changes in the ratio used to allocate the unfunded liability to participation entities.

6. Budget Amounts

The budget was prepared by the School jurisdiction management with Board of Trustees approval given on May 30, 2002. It is presented for information purposes only and has not been audited.

7. Approval of Financial Statements

These financial statements were approved by management.

8. Contingencies

A number of claims have been filed against the Government of Canada. These claims stem from allegations that occurred in residential schools during a period ranging from the early 1960's to the early 1970's. The Division has been named as a third party with the Government of Canada in these claims. With respect to one of the claims, the Division has been named as defendant.

The Division has entered into an Indemnity Agreement in which the Province of Alberta has agreed to indemnify Holy Family Catholic Regional Division for these claims and related costs incurred.
