SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules High Prairie School Division #48

(Name of School Jurisdiction)

presented to Alberta Learning have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with generally accepted accounting principles and Ministerial requirements for Alberta

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the financial statements with management in detail and the Board approved the financial statements for release.

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors have full and free access to school jurisdiction records.

Declaration of Management and Board ChairmanTo the best of our knowledge and belief, these financial statements and supporting schedules reflect, in all material respects, the financial position and results of operations and cash flows for the year in accordance with generally accepted accounting principles and Ministerial requirements for Alberta school jurisdictions.

Auditors' Report

To the Board of Trustees High Prairie School Division No. 48

We have audited the statement of financial position of High Prairie School Division No. 48 as at August 31, 2003 and the statements of revenues and expenses, cash flow, capital allocations and changes in net assets for the year then ended. These financial statements are the responsibility of the School Division's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the School Division as at August 31, 2003 and the results of its operations, capital allocations, cash flow and changes in net assets for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedule A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The 2002 financial statements were audited by another firm of chartered accountants.

Notes to the Financial Statements Year ended August 31, 2003

1. AUTHORITY AND PURPOSE

The School Division delivers education programs under the authority of the School Act, Chapter S-3, Statutes of Alberta, January 1, 2002.

The School Division receives block allocations for instruction, support and capital purposes under Regulation 72/95. The regulation limits funding and expenses for administration. It permits the School Division, within specified limits, to reallocate funding between the instruction and support blocks.

2. ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgement. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Revenue recognition

Revenue is recognized as follows:

- i) Instruction and support allocations are recognized in the year to which they relate.
- ii) Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.
- contributions. Once spent, they are amortized to revenue on the same basis as the capital asset acquired by the grant.
- iv) Unrestricted donations are recognized as revenue when received or receivable. Donations in kind are recorded at fair market value when reasonably determinable.
- v) Volunteers assist schools operated by the School Division in carrying out certain activities. Because of the difficulty of determining the fair value of the services and due to the fact that such assistance is generally not purchased, contributed services are not recognized in the financial statements.

Inventories

Inventories are recorded at the lesser of cost and net realizable value.

Vacation pay

Vacation pay is accrued in the period in which the employee earns the benefit.

Notes to the Financial Statements Year ended August 31, 2003

2. ACCOUNTING POLICIES (continued)

Prepaid Expenses

Certain expenditures incurred and paid before the close of the school year are for specific school related items that will be consumed subsequent to year-end and are accordingly recorded as prepaid expenses. Certain insurance expenses fall into this category.

School generated funds

These are funds in the community, which come under the control and responsibility of the school principal and are for school activities. These funds are usually collected and retained at the school for expenditures paid at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.)

Capital assets

Capital assets are recorded at cost and amortized over their estimated useful lives on a straight-line basis at the following rates:

Buildings 2.5% to 10% Vehicles 10% to 20%

Only capital assets with costs in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized the same period as the related asset.

Pensions

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the High Prairie School Division No. 48 does not make pension contributions for certificated staff.

The school board participates in the multi-employer pension plan, Local Authorities Pension Plan. The expense for this pension plan is equivalent to the annual contributions of \$97,764.55 for the Year ended August 31, 2003. At December 31, 2002, the Local Authorities Pension Plan reported an actuarial deficiency of \$444,980,000 (2001 surplus of \$634,960,000).

Employee future benefits

The jurisdiction accounted for the future cost of employee benefits commencing in the 2000/2001 school year using the retroactive approach. There is no financial impact on the jurisdiction at this time.

Notes to the Financial Statements Year ended August 31, 2003

2. ACCOUNTING POLICIES (continued)

Net investment in capital assets

Net investment in capital assets consists of an accumulation of amounts based on the following principles:

- i) an amount equal to the capital assets funded from capital reserves and government grants;
- ii) an amount equal to the principal repayments on long-term debt added to the equity in capital assets account in the year of repayment;
- iii) an amount equal to the net book value of capital assets disposals deleted from the equity in capital assets account in the year of disposal;
- iv) an amount equal to the depreciation on capital assets charged to the equity in capital assets account annually.

Operating and capital reserves

Reserves are established at the discretion of the Board of Trustees of the jurisdiction or externally to set aside funds for operating and for future capital expenditures. Such reserves are appropriations of accumulated surplus.

Financial instruments

The School Division's financial instruments consist of cash, accounts receivable, accounts payable, accrued liabilities, and long-term debt. It is management's opinion that the School Division is not exposed to significant interest, currency, or credit risks arising from these financial instruments. Unless otherwise noted, the fair value of these instruments approximates their School Act and Section 5 of the Trustees Act.

Statement of cash flow

The statement of cash flow has been prepared using the indirect method.

Note 1	Input "(Restated)" beside Balance at August 31, 2002 where not taken from the finalized 2007	1-2002 Audited Financial S	Statements.					
Note 2	2 Excludes fees collected pursuant to Section 60(2)(j) of the School Act (e.g. instruction materials and technology fees determined by board policy or resolution). This is the amount used to calculate the administrative cap. See Schedule E.							
Note 3	These are the expenses (a) incurred in generating SGF (e.g. fundraising expenses, printing of tickets, payment to DJ at school dance; cost of goods sold for school cafeteria/servery; staffing and supplies for a dinner; raffle prizes; supplies for a car wash; book fair purchases; meals for lunch program), or (b) collected and disbursed for the benefit of individual students (e.g. cost of field trips for student activities not leading to CEU's). Monies collected for CEU-related activities are not SGF. They are recorded as instruction resource fees.							
Note 4	All capital items purchased with SGF should be purchased through the District office. As with related cost recoveries, they are not included in the net SGF amounts and should be subtracted out of gross SGF.							
Note 5	Donations are restricted to cash; gifts in kind are treated as board assets, not SGF. Amounts	are net of related expense	es.					
Note 6	Only SGF expended for discretionary purposes are recorded as revenue and expense; unexpended funds are carried forward on the balance sheet to the succeeding year. Any capital items purchased with SGF should be treated in a similar manner as a SGF-related cost recovery and subtracted out of gross SGF.
