**Auditors' Report** 

To the Board of Trustees of Parkland School Division No. 70

We have audited the statement of financial position of **Parkland School Division No. 70** as at August 31, 2003 and the statements of revenue and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the school division's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the school division as at August 31, 2003 and the results of its operations, cash flows, changes in net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in schedules A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

### PARKLAND SCHOOL DIVISION NO. 70 Notes to the Financial Statements Year Ended August 31, 2003

#### 1. Authority and Purpose

Parkland School Division No. 70 delivers education programs under the authority of the School Act, Chapter S3.1, Statues of Alberta, January 1, 2003.

The School Division receives block allocations for Instruction, Support and Capital purposes under Regulation 72/95. The Regulation limits funding and expenses for administration. It permits the School Division within specified limits, to reallocate funding between the instruction and support blocks.

#### 2. Summary of Significant Accounting Policies

The financial statements are prepared in accordance with generally accepted accounting principles and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations. The financial statements have, in management's opinion, been prepared within reasonable limits of materiality and within the framework of the significant accounting policies summarized below:

#### Revenue Recognition

Revenue from the Provincial and Federal governments for instruction and support is recognized in the year to which they relate.

Instruction and transportation fees are recognized when the services are provided.

Capital allocations from the province or other agencies are recorded as deferred capital contributions until spent. Once spent, they are transferred to unamortized capital allocations which are amortized to revenue on the same basis as the capital asset acquired by the grant.

### School Generated Funds

Funds generated from school based activities are included as assets, liabilities, revenues and expenses of the school jurisdiction because the accountability and control/ownership of these funds rests with school division officials or their appointee(s).

#### Property and Equipment

Property and equipment are recorded at cost and amortized over their estimated useful lives on a straight line basis at the following rates:

Buildings	2.5% to 10%
Equipment	10% and 20%
Vehicles	10% and 20%

### PARKLAND SCHOOL DIVISION NO. 70 Notes to the Financial Statements Year Ended August 31, 2003

### Contributed Services

Volunteers assist schools operated by the School Division in carrying out certain activities. Because of the difficulty of determining their fair value and of the fact that such assistance is generally not otherwise purchased, contributed services are not recognized in the financial statements.

#### Pensions

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Parkland School Division No. 70 does not make pension contributions for certificated staff.

The school board participates in the multi-employer pension plan, Local Authorities Pension Plan. At August 31, 2003, the School Division's expense for this pension plan is equivalent to the annual contributions of \$578,811 (2002 - \$507,086).

At December 31, 2002, the Local Authorities Pension Plan reported an actuarial deficiency of \$444,980,000 (2001 surplus of \$634,960,000).

#### Financial Instruments

The division's financial instruments consist of cash, accounts receivable, accounts payable, accrued liabilities and long-term debt. It is management's opinion that the division is not exposed to significant interest, currency or credit risks arising from these financial instruments.
