SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules Red Deer Catholic Regional Division No. 39

(Legal Name of School Jurisdiction) presented to Alberta Learning have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with generally accepted accounting principles and Ministerial requirements for Alberta school jurisdictions.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the financial statements with management in detail and the Board approved the financial statements for release.

External Auditors

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors have full and free access to school jurisdiction records.

Declaration of Management and Board Chairman To the best of our knowledge and belief, these financial statements and supporting schedules reflect, in all material respects, the financial position and results of operations and cash flows for the year in accordance with generally accepted accounting principles and Ministerial requirements for Alberta school jurisdictions.

AUDITORS' REPORT

We have audited the statement of financial position of the Red Deer Catholic Regional Division No. 39 as at August 31, 2004 and the statement of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the school jurisdiction's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the school jurisdiction as at August 31, 2004, and the results of its operations, changes in cash flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

1. Authority and purpose

The School Jurisdiction delivers education programs under the authority of the School Act, Revised Statutes of Alberta 2000, Chapter S-3.

The jurisdiction receives block allocations for instruction and support under regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on administration expenses and is permitted to reallocate funding within the Alberta Learning instruction and support block areas.

2. Significant accounting policies

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. These financial statements have, in management's opinion, been properly prepared with reasonable limits of materiality and within the framework of the significant accounting policies summarized as follows:

Revenue recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they are related.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Capital contributions from the province or other agencies are recorded as deferred capital allocations. Once spent, they are transferred to unamortized capital allocations which are amortized to revenue on the same basis as the capital asset acquired by the grant.

Unrestricted contributions are recognized as revenue when received and receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment funds, which are to be retained as net assets, are recorded as direct increases in trust assets and liabilities.

Capital Assets

Capital assets are recorded at cost. Amortization is provided using methods and rates intended to amortize the cost of assets over their estimated useful lives.

	Method Kale
Buildings	straight-line 2.5 to 4%
Automotive	straight-line 10 and 20%
Equipment	straight-line 10 and 20%

Only assets with costs in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized over the same period as the related asset.

School generated funds

These are funds in the community, which come under the control and responsibility of the school principal and are for school activities. These funds are usually collected and retained at the school for expenditures paid at the school level (i.e. yearbook sales, graduation fees, field trip fees, etc.).

Vacation pay

Vacation pay is accrued in the period in which the employee earns the benefit.

Pensions

Pension costs included in these financial statements comprise the cost of employer contributions for the current service of employees during the year.

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teacher Pension Plan Act, the Red Deer Regional School Division #39 does not make pension contributions for certificated staff.

The school board participates in the multi-employer pension plan, Local Authorities Pension Plan. The expense for this pension plan is equivalent to the annual contributions of \$63,456 (2003 - \$52,742) for the year ended August 31, 2004. At December 31, 2003, the Local Authorities Pension Plan reported an actuarial deficiency of \$1,410,987,000 (2003 - deficiency of \$444,980,000).

Inventories

Inventories are recorded at the lesser of cost and net realizable value.

Prepaid expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies, which will be consumed subsequent to the year-end, and are accordingly recorded as prepaid expenses. Certain insurance expenses fall into this category.

Contributed services

Volunteers contribute a considerable number of hours per year to various schools, which are within the school board to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

Operating and capital reserves

Reserves are established at the discretion of the Board of Trustees of the jurisdiction or externally, to set aside funds for operating and for future capital expenditures. Such reserves are appropriations of accumulated surplus.

Employee future benefits

The jurisdiction accrues its obligations under employee future benefit plans and expenses the related costs. As at August 31, 2004, the recorded obligation is \$222,098 (2003 - \$93,175). The total expense recorded in the financial statements is \$9,998 (2003 - \$7,395).

Investments

Investments are recorded at the lower of cost and market value.

For the year ended August 31, 2004

Measurement uncertainty (use of estimates)

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. These assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

4. Bank indebtedness

6.

The School Division has negotiated a line of credit in the amount of \$2,000,000 (2003 - \$2,000,000) that bears interest at the bank prime rate less 0.6%. The line of credit, which is secured by a borrowing resolution incorporating a first charge over all monies becoming due or payable to the borrower, including municipal levies, covers all revenue of the School Division. There was no balance outstanding on the line of credit at August 31, 2004 (2003 - \$0).

9. Deferred capital allocations

Deferred capital allocations represent externally-restricted supported capital funds provided for a specific capital purpose that have been received or are receivable by the jurisdictions, but the related expenditure has not yet been made at yearend. These unspent deferred capital allocations are not amortized until the expenditure has been made and it is at this time that the balance is transferred to the unamortized capital allocations account.

10. Unamortized capital allocations

Unamortized capital allocations represent externally-restricted supported capital funds that have been spent, but have yet to be amortized over the useful life of the applicable capital asset to which the restricted capital allocations apply. The unamortized capital allocations account balance is increased by transfers of previously deferred capital allocations now spent, as well as fully-supported debentured capital funds, as the principal is repaid.

11. Lease commitments

The School Division has entered into various lease agreements with estimated minimum annual payments as follows:

2005	287,643
2006	195,775
2007	183,241
2008	120,572

12. Other commitments

The School Division entered into an agreement with Destination Conservation Ltd. whereby the division must pay \$12,000 (\$1,000 per school) for the delivery of the Destination Conservation Program. This agreement expired on September 17, 2002. On September 17, 2002, the School Division entered into a new agreement with Destination Conservation Ltd. whereby the division must pay \$8,400 (\$700 per school) for the delivery of the new Destination Conservation Program annually for 6 years.

13. Economic dependence

The School Division's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

For the year ended August 31, 2004

14. Financial instruments

The School Division, as part of its operations, has a number of financial instruments. It is management's opinion that the School Division is not exposed to significant currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The School Board has invested surplus funds in accordance with Section 60 of the School Act and Section 5 of the Trustee Act.

Fair value disclosure

The carrying amount of accounts receivable, accounts payable and accrued liabilities approximates their fair value due to the short-term maturities of these items.

The carrying value of the School Division's capital lease obligations approximates its fair value, because interest charges under the terms of the lease are based upon current Scotia Lease lending rates.

The fair value of the School Division's long-term financial instruments is estimated using discounted cash flow analysis based on current market rates for such instruments with similar terms and risks. Based on these assumptions, the fair values as at November 18, 2004 of these long-term financial instruments are as follows:

	2004	
	Carrying Amount	Fair Value
Long-term debt	\$4,924,806	\$6,688,397

Fair values are based on management's best estimates after consideration of current market conditions. The estimates are subjective and involve considerable judgement, and as such are not necessarily indicative of the amounts that the School Division may incur in actual market transactions.

Interest rate risk

Interest rate risk is the risk that the value of a financial instrument might be adversely affected by a change in the interest rates. In seeking to minimize the risks from interest rate fluctuations, the School Division manages exposure through its normal operating and financing activities. The School Division is exposed to interest rate risk primarily through its long-term debt of \$4,924,806 and its capital lease obligations of \$432,699.

15. Budget amounts

The budget was prepared by the School Division and approved by the Board of trustees. It is presented for information purposes only and has not been audited.

SCHEDULE G1 to the AFS

DISCLOSURE OF SALARIES AND BENEFITS (SECTION 148.1 OF THE SCHOOL ACT)

COMPLETION INFORMATION

- (1) Salary and benefits consist of and agree with the amounts properly recorded in the school jurisdiction's payroll records and related object codes for salaries, wages and benefits.
- (2) Remuneration includes regular base salaries, certificated school-based employee allowances outlined in collective agreements, overtime, honoraria, deferred salary leave accruals, lump sum payments EXCEPTING TERMINATION BENEFITS (See #10A below), any other direct cash remuneration EXCEPTING PERFORMANCE PAY (See #10 below).
- (3) Certificated salaries include the aggregate of all payments for certificated staff regardless of the length, nature or definition of the employment agreement. The number of full time equivalent (FTE) staff should be measured as at September 30.
- (4) Uncertificated salaries and wages should be measured in terms of the number of FTE staff employed as at September 30.
- (5) Salary and benefits information should be the aggregate amount covering the same fiscal period as the audited financial statements.
- (6) Salary must include deferred salary accruals.
- (7) Salary includes only payments for services subject to an employer-employee relationship.
- (8) Benefits include the employer's share of all employee benefits and contributions or payments made on behalf of employees including retirement pensions, Canada pension plan (CPP), employment insurance (EI), health care, dental coverage, vision coverage, out of country medical benefits, group life insurance, accidental disability and dismemberment insurance, long and short term disability plans.
- (9) Allowances include all monies paid to an employee as miscellaneous negotiated allowances. This category will include car or travel allowances, isolation allowances, relocation expenses, sabbaticals, special leave with pay, financial and retirement planning services, and club memberships. CERTIFICATED SCHOOL-BASED EMPLOYEE ALLOWANCES, as outlined in collective agreements, are included in Remuneration NOT Allowances.
- (10) **Performance Bonuses** include those monies paid to employees of the school authority that are tied to the achievement of some specifed goal or objective.
- (10A) **Other** includes termination benefits ((severance pay, retiring allowances (ERIP's), sick leave and other settlement costs due to loss of employment).
- (11) **Expenses** will include the reimbursements of travel, subsistence, moving costs, conference fees, etc., paid by the employee **or on his/her behalf** in performing the responsibilities of employment.
- (12) The superintendent's position disclosure is in terms of one individual who is the Chief Executive Officer. Benefits for the superintendent do not include Alberta Learning contributions to the Teachers Retirement Fund pension plan.
- (13) The secretary-treasurer's position disclosure is in terms of one individual who is the Chief Financial Officer. If the board has not appointed one person to act as secretary-treasurer, then the disclosure is in terms of separate individuals appointed to the Board Treasurer and Board Secretary positions. Benefits for the secretary-treasurer include the Local Authorities Pension Plan contributions.
- (13) A position should include salary, benefits and allowances earned and expenses accrued by an individual who officially acted in a position while it was vacant or was appointed to the position. If a position was vacant and no one acted in the position, the position should not be disclosed.
