SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules St. Thomas Aquinas Roman Catholic Separate Regional Division No. 38 (Legal Name of School Jurisdiction)

presented to Alberta Learning have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with generally accepted accounting principles and Ministerial requirements for Alberta

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the financial statements with management in detail and the Board approved the financial statements for release.

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors have full and free access to school jurisdiction records.

Declaration of Management and Board ChairmanTo the best of our knowledge and belief, these financial statements and supporting schedules reflect, in all material respects, the financial position and results of operations and cash flows for the year in accordance with generally accepted accounting principles and Ministerial requirements for Alberta school jurisdictions.

Auditors' Report

To the Board Of Trustees of St. Thomas Aguinas Roman Catholic Separate Regional Division No. 38

We have audited the statement of financial position of the St. Thomas Aquinas Roman Catholic Separate Regional Division No. 38 as at August 31, 2004 and the statements of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the school jurisdiction's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In common with many non-profit organizations, the school jurisdiction derives revenues from certain fund raising activities, the completeness of which is not readily susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the school jurisdiction and we were not able to determine whether any adjustments might be necessary to school generated funds, excess of revenues over expenses, assets, liabilities and net assets.

In our opinion, except for the effect of adjustments, if any, which we may have determined to be necessary had we been able to audit the completeness of school generated funds, as discussed in the above paragraph, these financial statements present fairly, in all material respects, the financial position of the school jurisdiction as at August 31, 2004 and the results of its operations, changes in cash flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A through G is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

1. Authority and purpose

The School Jurisdiction delivers education programs under the authority of the *School Act*, Revised Statutes of Alberta 2000, Chapter S-3.

The jurisdiction receives block allocations for instruction and support under Regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on administration expenses and is permitted to reallocate funding within the Alberta Learning instruction and support block areas.

As a not-for-profit organization under the Income Tax Act, the School Division is not subject to either federal or provincial income taxes.

2. Summary of significant accounting policies

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

Revenue recognition

The St. Thomas Aquinas Roman Catholic Separate Regional Division #38 follows the deferral method of accounting for contributions.

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received or receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with.

August 31, 2004

2. Summary of significant accounting policies (continued)

Capital assets

Capital assets are recorded at cost. Donated capital assets are recorded at fair market value at the date of the contribution. Amortization is provided on a straight line basis over the assets' estimated useful lives at the following rates:

Buildings 2.5% to 10% Equipment and vehicles 20%

Only capital assets with costs in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized over the same period as the related asset.

School generated funds

These are the funds in the community, which come under the control and responsibility of the school principal and are for school activities. These funds are usually collected and retained at the school for expenditures paid at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.).

Vacation pay

Vacation pay is accrued in the period in which the employee earns the benefit.

Pensions / Retirement Savings Plans

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the St. Thomas Aquinas Roman Catholic Separate Regional Division does not make pension contributions for certificated staff.

For uncertificated staff, the school jurisdiction contributes to employee's registered retirement savings plans, based upon a percentage of the employee's normal annual salary. The employer expense is recorded as a benefit cost in the period the obligation arises.

Inventories

Inventories are recorded at the lower of cost and net realizable value.

August 31, 2004

2. Summary of significant accounting policies (continued)

Prepaid expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies, which will be consumed subsequent to the year-end, and are accordingly recorded as prepaid expenses. Certain insurance expenses fall into this category.

Contributed services

Volunteers contribute a considerable number of hours per year to various schools, which are within the school board to ensure that certain programs are delivered, such as kindergarten, lunch services, and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

Financial instruments

The jurisdictions financial instruments consist of cash, accounts receivable, accounts payable, accrued liabilities, and long-term debt. It is management's opinion that the jurisdiction is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The jurisdiction has invested surplus funds in accordance with Section 60 of the School Act and Section 5 of the Trustees Act.

Operating and capital reserves

Reserves are established at the discretion of the Board of Trustees of the Regional Division or externally, to set aside funds for operating and for future capital expenditures. Such reserves are appropriations of accumulated surplus.

8. Long term debt

Debenture debt - supported

The debenture debt bears interest at rates varying between 6% and 12%. The debenture debt is fully supported by Alberta Finance. The current portion of long-term debt consists entirely of amounts payable by Alberta Finance on supported debt; therefore, the working capital (current assets minus current liabilities) is understated by this amount. Debenture payments due over the next five years and beyond are as follows:

9. Deferred capital allocations

Deferred capital allocations represent externally-restricted supported capital funds provided for a specific capital purpose that have been received or are receivable by jurisdictions, but the related expenditure has not yet been made at year end. These unspent deferred capital allocations are not amortized until the expenditure has been made and it is at that time that the balance is transferred to the unamortized capital allocations account.

10. Unamortized capital allocations

Unamortized capital allocations (UCA) represent externally-restricted supported capital funds that have been spent, but have yet to be amortized over the useful life of the applicable capital asset to which the restricted capital allocations apply. The unamortized capital allocations account balance is increased by transfers of previously deferred capital allocations now spent, as well as fully-supported debenture capital funds, as the principal is repaid.

11. Commitments

Office premises

The Regional Division has entered into an agreement to lease its office premises until April 1, 2012. The annual rent payable is \$48,500.

Buildings

The Regional Division received approval from Alberta Infrastructure to complete modernization of two schools as well as build two replacement schools. The cost of these modernizations/new constructions will be fully supported and is expected to be \$18,199,149. To date they have spent \$11,172,052.

August 31, 2004

11. Commitments (continued)

Photocopiers

The Regional Division leases photocopiers under long term operating leases. The future minimum payments are as follows:

2005	\$ 36,966
2006	36,966
2007	36,966
2008	22,842
2009	11,421

12. Contingencies

The jurisdiction is a member of a reciprocal insurance exchange called ALAIRE. A portion of the premiums paid each year represents equity contributions to the insurance fund. These payments have been recorded as expenditures in the financial statements as the value of equity is subject to liability claims and is not an asset that the jurisdiction can liquidate.

13. Economic dependence on related third party

The Regional Division received 85.2% (2003 – 85.6%) of its revenues pursuant to a funding arrangement with the Alberta Government.

14. Budget amounts

The budget was prepared by the Regional Division and approved by the Board of Trustees on June 18, 2003. It is presented for information purposes only and has not been audited.

15. Capital assets

The Regional Division was in the process of building a new school during the year, and this project was completed by year end. As this school was not yet available for use, no depreciation was taken on this capital asset in the year. The cost of this asset was \$6,207,083 and this cost will be amortized starting in the year ending August 31, 2005.
