#### SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules

Greater Southern Public Francophone Education Region No. 4

(Legal Name of School Jurisdiction)

presented to Alberta Learning have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with generally accepted accounting principles and Ministerial requirements for Alberta

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the financial statements with management in detail and the Board approved the financial statements for release.

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors have full and free access to school jurisdiction records.

**Declaration of Management and Board Chairman**To the best of our knowledge and belief, these financial statements and supporting schedules reflect, in all material respects, the financial position and results of operations and cash flows for the year in accordance with generally accepted accounting principles and Ministerial requirements for Alberta school jurisdictions.

#### **AUDITORS' REPORT**

#### TO THE BOARD OF TRUSTEES

#### Greater Southern Public Francophone Education Region No. 4

We have audited the statement of financial position of the Greater Southern Public Francophone Education Region No. 4 as at August 31, 2004 and the statements of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the school jurisdiction's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance as to whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the school jurisdiction as at August 31, 2004 and the results of its operations, changes in cash flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

#### 1. Authority and Purpose

The School Jurisdiction delivers education programs under the authority of the School Act, Revised Statutes of Alberta 2000, Chapter S-3.

The jurisdiction receives block allocations for instruction and support under Regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on administration expenses and is permitted to reallocate funding within the Alberta Learning instruction and support block areas.

The jurisdiction is exempt from tax under the Income Tax Act.

#### 2. Summary of Significant Accounting Policies

These financial statements are prepared in accordance with Canadian generally accepted accounting principles and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

#### a) Revenue recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Capital allocations from the province or other agencies are recorded as deferred capital contributions until spent. Once spent, they are transferred to unamortized capital allocations which are amortized to revenue on the same basis as the capital asset acquired by the contributions.

Unrestricted contributions are recognized as revenue when received and receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with.

#### 2. Summary of Significant Accounting Policies (continued)

#### b) Capital Assets

Capital assets are recorded at cost and amortized over their estimated useful lives on a straight-line basis at the following rates:

Buildings (major modernization) 2.5% - 4% Equipment 10% - 20%

Only capital assets with costs in excess of \$5,000 are capitalized. The amortization of the asset will commence in the fiscal year following the year of acquisition. Any capital allocations received for asset additions are amortized over the same period as the related asset.

#### c) School Generated Funds

These are funds in the community, which come under the control and responsibility of the school principal and are for school activities. These funds are usually collected and retained at the school for expenditures paid at the school level (e.g. yearbook sales, graduation fees, field trips, etc.).

#### d) Vacation Pay

Vacation pay is accrued in the period in which the employee earns the benefit.

#### e) Prepaid expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies, which will be consumed subsequent to the year-end, and are accordingly recorded as prepaid expenses. Certain insurance expenses fall into this category.

#### f) Contributed Services

Volunteers contribute a considerable number of hours per year to various schools, which are within the school jurisdiction to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school-generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

#### g) Financial Instruments

The jurisdiction's financial instruments consist of cash, accounts receivable, accounts payable, and accrued liabilities. It is management's opinion that the jurisdiction is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The jurisdiction has invested surplus funds in accordance with Section 60 of the School Act and Section 5 of the Trustees Act.

#### 2. Summary of Significant Accounting Policies (continued)

#### h) Operating and Capital Reserves

Reserves are established at the discretion of the Board of Trustees of the jurisdiction or externally, to set aside funds for operating and for future capital expenditures. Such reserves are appropriations of accumulated surplus.

#### i) Pensions

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current service and past service costs of Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Greater Southern Public Francophone Education Region No. 4 does not make pension contributions for certified staff.

The school board participates in the multi-employer pension plan, Local Authorities Pension Plan. The expense for this pension plan is equivalent to the annual contributions of \$15,922 for the year ended August 31, 2004. At December 31, 2003, the Local Authorities Pension Plan reported an actuarial deficiency of \$1,410,987,000 (2002 deficiency of \$444,980,000).

#### NOTES TO THE SUMMARY FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2004

#### 6. Internally Restricted Net Assets

Net assets may be restricted by authorization of the Board of Trustees for future capital expenditures and future operating expenditures. The amounts are established and expended in accordance with terms and conditions established by the board.

#### 7. Deferred Capital Allocations

Deferred capital allocations represent externally-restricted supported capital funds provided for a specific capital purpose that have been received or are receivable by the jurisdictions, but the related expenditure has not yet been made at year-end. These unspent deferred capital allocations are not amortized until the expenditure has been made and it is at that time that the balance is transferred to the unamortized capital allocations account.

#### 8. Unamortized Capital Allocations

Unamortized capital allocations represent externally-restricted supported capital funds that have been spent, but have yet to be amortized over the useful life of the applicable capital asset to which the restricted capital allocations apply. The unamortized capital allocations account balance is increased by transfers of previously deferred capital allocations now spent.

#### 9. Budget Amounts

The budget was prepared by the school jurisdiction and approved by the Board of Trustees. It is presented for information purposes only and has not been audited.

#### 10. Commitments

Leases

The school jurisdiction currently leases various equipment. The future minimum payments under these operating leases are as follows:

2005	\$ 57,039
2006	21,299
2007	15,360
2008	2,560
	\$ <u>96,258</u>

#### 11. Contingent assets

The jurisdiction is a member of a reciprocal insurance exchange called ALAIRE. A portion of the premiums paid each year represents equity contributions to the insurance fund. These payments have been recorded as expenditures in the financial statements as the value of the equity is subject to liability claims and is not an asset that the jurisdiction can liquidate.

#### 12. Land Transfer

The school jurisdiction received a transfer in of land from another school jurisdiction. The net book value of the land will not be amortized. As a result, this transfer was recognized as a direct increase in net assets invested in capital assets in the statement of changes in net assets.

#### 13. Economic Dependence on Related Third Party

The school jurisdiction's primary source of income is from the Alberta Government. The jurisdiction's ability to continue viable operations is dependent on this funding.
