# **AUDITOR'S REPORT**

To the Board of Trustees of Peace River School Division No. 10:

We have audited the statement of financial position of the Peace River School Division No. 10 as at August 31, 2004 and the statement of revenues and expenses, the statement of cash flows, the statement of changes in net assets, and the statement of deferred capital allocations for the year then ended. These financial statements are the responsibility of the Division's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Division as at August 31, 2004 and the results of its operations and changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

# PEACE RIVER SCHOOL DIVISION #10-NOTES TO THE FINANCIAL STATEMENTS-2003-2004

# **AUTHORITY AND PURPOSE**

The School Jurisdiction delivers education programs under the authority of the *School Act*, Revised Statutes of Alberta 2000, Chapter S-3.

The jurisdiction receives block allocations for instruction and support under Regulation 77/2003. The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on administration expenses and is permitted to reallocate funding within the Alberta Learning instruction and support block areas.

# SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

a) <u>Revenue Recognition</u>

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received and receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment contributions are recognized as direct increases in net assets in the period in which they are received.

b) Capital Assets

Capital Assets are recorded at cost. The cost less an estimated residual value is amortized over their estimated useful lives on a straight-line basis at the following rates

Buildings Vehicles & Buses Equipment & Furnishings Land Improvements 15 to 40 years 7 to 12 years 5 years 20 years

Only capital assets with costs in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized over the same period as the related asset.

# c) School Generated Funds

These are funds in the community, which come under the control and responsibility of the school principal and are for school activities. These funds are usually collected and retained at the school for expenditures paid at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.)

### d) Vacation Pay

Vacation Pay is accrued in the period in which the employee earns the benefit.

e) <u>Pensions</u>

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Peace River School Division does not make pension contributions for certificated staff.

The school board participates in the multi-employer pension plan, Local Authorities Pension Plan. The expense for this pension plan is equivalent to the annual contributions of \$ 127,918.00 for the Year ended August 31, 2004. At December 31, 2003, the Local Authorities Pension Plan reported an actuarial deficiency of \$1,410,987,000 (2002 deficiency of \$444,980,000).

#### f) <u>Inventories</u>

Inventories are recorded at the lesser of cost or net realizable value.

g) Prepaid Expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies, which will be consumed subsequent to the year-end, and are accordingly recorded as prepaid expenses. Certain insurance expenses fall into this category.

#### h) Contributed Services

Volunteers contribute a considerable number of hours per year to various schools, which are within the school board to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

#### i) Financial Instruments

The jurisdiction's financial instruments consist of cash, accounts receivable, accounts payable, accrued liabilities, and long-term debt. It is management's opinion that the jurisdiction is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The jurisdiction has invested surplus funds in accordance with Section 60 of the *School Act* and Section 5 of the Trustees Act.

### j) Operating and Capital Reserves

Reserves are established at the discretion of the Board of Trustees of the jurisdiction, to set aside funds for operating and for future capital expenditures. Such reserves are appropriations of accumulated surplus.

#### k) Investments

Investments are recorded at the lower of cost and market value.

# **BANK INDEBTEDNESS**

The jurisdiction has negotiated a line of credit in the amount of \$1,000,000 that bears interest at the bank prime rate. This line of credit, which is secured by a borrowing bylaw and a security agreement, covers all revenue of the jurisdiction. There was no balance outstanding on the line of credit at August 31, 2004.

Scholarship Trusts	162,209	162,722
Student Health Initiative Trust (SHI Banker Board)		
Total	162,209	162,722

# LONG TERM DEBT

### a) <u>Debenture Debt – Supported</u>

The debenture debt bears interest at rates varying between 7 1/4% and 12%. The debenture debt is fully supported by Alberta Finance. The current portion of long-term debt consists entirely of amounts payable by Alberta Finance on supported debt; therefore, the working capital (current assets minus current liabilities) is understated by this amount. Debenture payments due over the next five years and beyond are as follows:

	Principal
2004-2005	1,123,704
2005-2006	1,123,704
2006-2007	1,123,704
2007-2008	1,123,704
2008-2009	1,123,704
2009 to maturity	2,640,981
Total	8,259,501

b) <u>Capital Leases – Unsupported</u> Currently, there are no capital leases held by the jurisdiction.

# **DEFERRED CAPITAL ALLOCATIONS**

Deferred capital allocations represent externally-restricted supported capital funds provided for a specific capital purpose that have been received or are receivable by the jurisdictions, but the related expenditure has not yet been made at year-end. These unspent deferred capital allocations are not amortized until the expenditure has been made and it is at that time that the balance is transferred to the unamortized capital allocations account.

# UNAMORTIZED CAPITAL ALLOCATIONS

Unamortized capital allocations represent externally-restricted supported capital funds that have been spent, but have yet to be amortized over the useful life of the applicable capital asset to which the restricted capital allocations apply. The unamortized capital allocations account balance is increased by transfers of previously deferred capital allocations now spent, as well as fully-supported debentured capital funds, as the principal is repaid.

# **CONTINGENCIES**

- a) The jurisdiction is a member of a reciprocal insurance exchange called ASBIE. A portion of the premiums paid each year represents equity contributions to the insurance fund. They payments have been recorded as expenditures in the financial statements, as the value of equity is subject to liability claims and is not an asset that the jurisdiction can liquidate.
- b) The jurisdiction has been named as a defendant in a grievance whereby the Support Staff Association is seeking pay for general holidays for one category of staff members. As the likelihood of the outcome and potential damages, if any, ensuing from this grievance are not determinable at the date of reporting, no provision has been made in the financial statements for any costs associated with this grievance.

# ECONOMIC DEPENDENCE ON RELATED THIRD PARTY

The Peace River School Division's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

# **BUDGET AMOUNTS**

The budget was prepared by the school jurisdiction and approved by the Board of Trustees. It is presented for information purposes only and has not been audited. The 2003/04 Budget was approved on May 20, 2003.
