Auditor's Report

To the Board of Trustees Prairie Land Regional Division #25

We have audited the statement of financial position of the Prairie Land Regional Division #25 as at August 31, 2004 and the statements of revenues and expenses, cash flows, changes in net assets and capital allocations for the year then ended. These financial statements are the responsibility of the school jurisdiction's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the school jurisdiction as at August 31, 2004 and the results of its operations, changes in cash flows, net assets and capital allocations for the year then ended in accordance with Canadian generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedules A through G is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The School Jurisdiction is limited on administration expenses and is permitted to reallocate funding within the Alberta Learning instruction and support block areas.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles (GAAP) and accounting policies consistent with those prescribed by Alberta Learning for Alberta school jurisdictions. The precise determination of many assets and liabilities is dependent on future events. As a result, the preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates and approximations. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

a) Revenue Recognition

Revenue is recognized as follows:

Instruction and support allocations are recognized in the year to which they relate.

Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted contributions are recognized as revenue when received and receivable. Contributions in-kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the restriction is complied with. Endowment contributions are recognized as direct increases in net assets in the period in which they are received.

b) Capital Assets

Capital Assets are recorded at cost, and are amortized over their estimated useful lives on a straight-line basis, at the following rates:

Buildings 2.5% to 4% Vehicles & Buses 10% to 20% Equipment & Furnishings 10% to 20%

Only capital assets with costs in excess of \$5,000 are capitalized. Any capital allocations received for asset additions are amortized over the same period as the related asset.

c) School Generated Funds

These are funds in the community, which come under the control and responsibility of the school principal and are for school activities. These funds are usually collected and retained at the school for expenditures paid at the school level (e.g. yearbook sales, graduation fees, field trip fees, etc.)

d) Vacation Pay

Vacation Pay is accrued in the period in which the employee earns the benefit.

PRAIRIE LAND REGIONAL DIVISION #25 Notes to the Financial Statements Year Ended August 31, 2004

e) Pensions

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

The current service and post service costs of the Alberta Teacher Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the Prairie Land Regional Division #25 does not make pension contributions for certificated staff.

The school board participates in the multi-employer pension plan, Local Authorities Pension Plan. The expense for this pension plan is equivalent to the annual contributions of \$275,396 for the Year ended August 31, 2004. At December 31, 2003, the Local Authorities Pension Plan reported an actuarial deficiency of \$1,410,987,000 (2002 deficiency of \$444,980,000).

f) Prepaid Expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies, which will be consumed subsequent to the year-end, and are accordingly recorded as prepaid expenses. Certain insurance expenses fall into this category.

g) Contributed Services

Volunteers contribute a considerable number of hours per year to various schools, which are within the school board to ensure that certain programs are delivered, such as kindergarten, lunch services and the raising of school generated funds. Because of the difficulty of compiling these hours and the fact that these services are not otherwise purchased, contributed services are not recognized in the financial statements.

h) Financial Instruments

The jurisdiction's financial instruments consist of cash, accounts receivable, accounts payable, accrued liabilities, and long-term debt. It is management's opinion that the jurisdiction is not exposed to significant interest, currency or credit risks arising from these financial instruments. Unless otherwise noted, the fair values of these financial instruments approximate their carrying values. The jurisdiction has invested surplus funds in accordance with Section 60 of the School Act and Section 5 of the Trustees Act.

i) Operating and Capital Reserves

Reserves are established at the discretion of the Board of Trustees of the jurisdiction, to set aside funds for operating and for future capital expenditures. Such reserves are appropriations of accumulated surplus.

i) Employee Future Benefits

The jurisdiction accounted for the future cost of employee benefits commencing in the 2002/2003 school year using the retroactive approach. There is no financial impact on the jurisdiction at this time.

k) Investments

Investments are recorded at the lower of cost and market value.

There was no balance outstanding on the line of credit at August 31, 2004.

7. LONG TERM DEBT

a) Debenture Debt - Supported

The debenture debt bears interest at rates varying between 6% and 12%. The debenture debt is fully supported by Alberta Treasury. The current portion of long-term debt consists entirely of amounts payable by Alberta Treasury on supported debt; therefore, the working capital (current assets minus current liabilities) is understated by this amount. Debenture payments due over the next five years and beyond are as follows:

	Principal	Interest	Total
2004-2005	\$545,974	\$322,100	\$868,074
2005-2006	518,474	272,679	791,153

Total	\$3,582,631	\$1,420,223	\$5,002,854

b) Capital Leases - Unsupported

There are currently no capital leases held by the jurisdiction.

8. DEFERRED CAPITAL ALLOCATIONS

Deferred capital allocations represent externally-restricted supported capital funds provided for a specific capital purpose that have been received or are receivable by the jurisdictions, but the related expenditures has not yet been made at year-end. These unspent deferred capital allocations are not amortized until the expenditure has been made and it is at that time that the balance is transferred to the unamortized capital allocations account.

9. UNAMORTIZED CAPITAL ALLOCATIONS

Unamortized capital allocations represent externally-restricted supported capital funds that have been spent, but have yet to be amortized over the useful life of the applicable capital asset to which the restricted capital allocations apply. The unamortized capital allocations account balance is increased by transfers of previously deferred capital allocations now spent, as well as fully-supported debentured capital funds, as the principal is repaid.

. 54

10. ALBERTA TEACHER RETIREMENT FUND

The current service and past service costs of the Alberta Teacher Retirement Fund are met by contributions by the active members and the Government of Alberta. Under the terms of the Teacher Pension Plan Act, Prairie Land Regional Division #25 does not make pension contributions for certified staff.

11. CONTINGENCIES

The jurisdiction is a member of a reciprocal insurance exchange called ALAIRE. A portion of the premiums paid each year represents equity contributions to the insurance fund. These payments have been recorded as expenditures in the financial statements as the value of equity is subject to liability claims and is not an asset that the jurisdiction can liquidate.

PRAIRIE LAND REGIONAL DIVISION #25 Notes to the Financial Statements Year Ended August 31, 2004

12. BUDGET AMOUNTS

The budget was prepared by the school jurisdiction and approved by the Board of Trustees. It is presented for information purposes only and has not been audited.

13. PRIOR PERIOD ADJUSTMENT

In the prior year Alberta Learning approved a reserve transfer of certain building capital reserves to deferred capital allocations for future supported building costs, the amounts of which had not been previously recorded in the accounts. This adjustment resulted in capital reserves being decreased by \$407,769 and deferred capital allocations being increased by \$407,769.

14. ECONOMIC DEPENDANCE ON RELATED THIRD PARTY

Prairie Land Regional Division #25's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependant on this funding.
