

**LICENSED UNITS FUEL CONSUMPTION CALCULATIONS
FUEL TAX REBATE - SCHEDULE B**

Name of Applicant _____
Year Month Day

Type of fuel purchase: Clear Gasoline
Check ONLY ONE box Clear Diesel
per Schedule Tax Paid Propane (LPG)

For Claim period ending _____

Please complete as many Schedule B(s) as necessary. Consumption data is required per type of unit, per job location and per time period. If similar units are operated in the same location and over the same time period, they may be grouped together. If equipment is grouped, then there may be more than one REF# per section. Total Fuel Consumed by Unit Type is the sum of each activity's consumption. Survey data details supporting the activities and hours worked and manufacturers specifications or test results supporting the consumption rate per hour must be retained, and will be requested if claim is selected for an in-depth review.

Unit REF#(s): _____ Unit Type: _____ Off-road location: _____

If you used a survey to derive the off-road hours for the various activity types, please complete the information listed below.

Survey Type A = annual W = winter only S = summer only C = per work cycle	Claim Ending Date to which the survey is first applied	Survey Duration Dates	
		Survey Start Date	Survey End Date

Activity Type Code Off = off-road travel Idl = off-road idling Wor = off-road working	A Hours Operated per Unit	B Consumption Rate Per Hour (in litres)	C Number of Units of this type	D Fuel Consumed (in litres) (A x B) x C	TRA Use Only
Total Fuel Consumption by Unit Type and Location:					

Unit REF#(s): _____ Unit Type: _____ Off-road location: _____

If you used a survey to derive the off-road hours for the various activity types, please complete the information listed below.

Survey Type A = annual W = winter only S = summer only C = per work cycle	Claim Ending Date to which the survey is first applied	Survey Duration Dates	
		Survey Start Date	Survey End Date

Activity Type Code Off = off-road travel Idl = off-road idling Wor = off-road working	A Hours Operated per Unit	B Consumption Rate Per Hour (in litres)	C Number of Units of this type	D Fuel Consumed (in litres) (A x B) x C	TRA Use Only
Total Fuel Consumption by Unit Type and Location:					

Unit REF#(s): _____ Unit Type: _____ Off-road location: _____

If you used a survey to derive the off-road hours for the various activity types, please complete the information listed below.

Survey Type A = annual W = winter only S = summer only C = per work cycle	Claim Ending Date to which the survey is first applied	Survey Duration Dates	
		Survey Start Date	Survey End Date

Activity Type Code Off = off-road travel Idl = off-road idling Wor = off-road working	A Hours Operated per Unit	B Consumption Rate Per Hour (in litres)	C Number of Units of this type	D Fuel Consumed (in litres) (A x B) x C	TRA Use Only
Total Fuel Consumption by Unit Type and Location:
