## PREFACE

The **2005-06 Offices of the Legislative Assembly Estimates** present the budget plans for the Offices of the Legislative Assembly.

The **Legislative Assembly** will be asked to appropriate money from the General Revenue Fund based on these Estimates, pursuant to section 1(1) of the *Appropriation Act, 2005*.

The **Schedule of Amounts to be Voted** shows the Vote for each Office of the Legislative Assembly and it is excerpted from the *Appropriation Act, 2005*.

The **Summary by Office** shows amounts for expense, and equipment / inventory purchases where appropriate, together with historical data on a comparable basis.

The **Summary of Expense by Object for all Offices** identifies amounts for salaries, supplies and services, payments to Members of the Legislative Assembly, amortization of capital assets and other items.

**Equipment / Inventory Purchases** are defined as capital assets which are routinely moved or which may be installed as a service level improvement. For the Offices of the Legislative Assembly, these purchases may include attractive assets, appliances, display cases, furniture, office equipment, shelving, storage containers, and information technology, communications and security systems and facilities. These purchases have a minimum value of \$5,000 for all Offices of the Legislative Assembly, except for the Offices of the Auditor General and the Information and Privacy Commissioner, which have set their minimum value at \$2,500.

**Voted Estimates** are presented for each Office by vote and element.

The Voted Estimates contain **net budgeting provisions** for goods and services which are subject to variable demand and for which a credit or recovery is received from external or internal sources. The Voted Estimates show the gross expense, credit or recovery, and the net expense for each such initiative. If, during the fiscal year, expenses and credits or recoveries are both expected to exceed the amount budgeted, Treasury Board may increase the Voted Estimate, pursuant to section 24(2) of the *Financial Administration Act*. If the budgeted credits or recoveries are not realized, the gross expense is managed so that it does not exceed the gross estimate less the shortfall in credits or recoveries.

A **Statement of Operations** is also presented for each Office.
