BUSINESS PLAN 2004-07

---

## **ACCOUNTABILITY STATEMENT**

The Business Plan for the three years commencing April 1, 2004 was prepared under my direction in accordance with the *Government Accountability Act* and the government's accounting policies. All of the government's policy decisions as of February 27, 2004 with material economic or fiscal implications of which I am aware have been considered in preparing the Business Plan.

The Ministry's priorities outlined in the Business Plan were developed in the context of the government's business and fiscal plans. I am committed to achieving the planned results laid out in this Business Plan.

## **THE MINISTRY**

The Ministry of Human Resources and Employment consists of five major entities: the Department of Human Resources and Employment, the Personnel Administration Office, the Alberta Labour Relations Board, the Appeals Commission for Alberta Workers' Compensation and the Workers' Compensation Board (WCB). ## SIGNIFICANT OPPORTUNITIES AND CHALLENGES

The 2004-07 Business Plan identifies the following significant challenges facing the Ministry:

**Department:** Alberta is expected to enjoy continued economic growth, low unemployment, and high labour force participation rates. Strong economic growth is good but typically leads to labour shortages, wage demands and more pressure on the workplace. At the same time, some industries are being affected by unanticipated events, such as a single case of Bovine Spongiform Encephalopathy (BSE) being found in Alberta, resulting in the need for labour market adjustments and supports for transitions. The social fabric of Alberta is changing. The fast-growing population is aging and becoming more ethnically diverse with increased immigration. There continues to be a need for greater labour force participation by groups under-represented in the workforce such as Aboriginal people, persons with disabilities, as well as low-income Albertans. The Government of Alberta continues to emphasize making government more efficient and effective and is striving to ensure the long-term sustainability of its programs and services.

**Personnel Administration Office:** The Government's vision for the Alberta public service is "The Alberta public service is respected for its attitudes, knowledge and skills, its effective management of public policy and its dedication to achieving quality, affordable services for Albertans." Like other employers, this must be achieved in a competitive labour market with changing demographic and economic trends.

**Alberta Labour Relations Board:** The Alberta labour relations field is a dynamic one that responds to changes in the economy, demographics, technology and other factors. The Board must respond to these changes while maintaining the underlying principles of Alberta's labour relations legislation.

**Appeals Commission for Alberta Workers' Compensation:** The Appeals Commission is challenged with providing fair appeal services within a shorter time frame. This is to be accomplished within approved resources although appeals, applications, and administrative workloads have increased and may increase further. The challenge is to maintain an open and accessible appeal system that provides quality decisions and fairness of process within the framework and principles of natural justice.

The Ministry has identified significant opportunities arising from these challenges for the Ministry to focus on over the next three years:

### DEPARTMENT

#### ***Human Resource Development***

- To help develop Alberta's human resource capacity in order to realize the benefits which a skilled and productive workforce offers all Albertans.

The Department will place a greater emphasis on workforce development initiatives which acknowledge industry's need for specific skills. In addition, the Department recognizes the importance of workforce productivity in keeping Alberta internationally competitive and will also ensure alignment of its objectives with trends in education, including lifelong learning.

#### ***Partnerships***

- To be a leader and innovator in developing partnerships with others.

The Department will continue to consider a broad range of stakeholders as potential partners including industry, municipalities, Aboriginal governments and organizations, training providers, clients and others, and will design innovative, collaborative models to work with them. Also, the Department will build on its success in working with industry to develop Alberta's labour force.

### **Workplace**

- To work across government and with external groups to ensure a fair, safe and balanced workplace.

The Department will continue to be an honest broker and respected voice on matters related to workplace health and safety, collective bargaining and employment standards for all Albertans.

### **Innovative Delivery**

- To continue to pursue new and innovative ways of delivering programs and services.

The Department will take advantage of opportunities such as new technologies, integration of policies, bundling of programs and services, outsourcing, effective resource allocation and partnerships in pursuing excellence in its business practices.

### **Sustainability**

- To continue to support the government's sustainability agenda across various programs and services.

Programs will continue to provide resources and opportunities to support the Government of Alberta's long-term overall goals which include fiscal responsibility, excellent health and education systems, economic development and diversification, and services for children.

## **PERSONNEL ADMINISTRATION OFFICE**

### **Alberta Public Service**

- To work collaboratively with ministries to develop leading human resource practices which effectively position the Alberta public service as an employer offering a dynamic, diverse and healthy environment where employees continue to learn and grow.

## **ALBERTA LABOUR RELATIONS BOARD**

### **Labour Relations**

- To continue to provide investigation, adjudication and mediation services to the Alberta labour relations community. (Services include education and consultation with stakeholders.)

## **APPEALS COMMISSION FOR ALBERTA WORKERS' COMPENSATION**

### **Appeal Readiness**

- To continue to work with stakeholders to improve understanding and readiness of the parties through education and the provision of information.

### **Alternate Resolution**

- To build a process that resolves issues without the necessity of the formal hearing process thereby reducing the time and resources required to address an appeal.

## **STRATEGIC PRIORITIES 2004-07**

Through the Ministry's review of external and internal challenges, the following strategic priorities have been identified. These are in addition to the important ongoing core activities of the Ministry. The strategic priorities are the drivers of the Ministry's key initiatives.

### **Department**

#### **1. Income and Employment Supports**

#### **Linkage: Ministry Goals 1 and 2**

Design, develop and implement an integrated approach to income support and employment training for low-income Albertans. Steps will be taken to make employment and training programs more flexible, redesign delivery processes for efficiency, and improve the coordination of low-income initiatives among government departments. This strategic priority will change the way low-income Albertans are assisted financially and supported in obtaining and maintaining employment. It is intended to enable them to be as independent as possible.

- 2. Assured Income for the Severely Handicapped (AISH)**  
 Linkage: Goal 1  
 Conduct a review of the AISH Program in the context of other government services and supports. The review will involve discussions with government and non-government partners to promote an integrated and comprehensive approach addressing client needs.
- 3. Skills Investment**  
 Linkage: Goals 1 and 2  
 Implement an array of skills investment programs and services to better respond to skills deficits, as well as help people prepare for, find and keep jobs, and be able to adjust to career and work changes.
- 4. Partnerships**  
 Linkage: Goals 2, 3 and 4  
 Develop partnerships to meet Alberta's human resource needs, including addressing labour shortages and skills deficits, supporting workforce planning, supporting increased productivity, improving workplace relationships, and getting Albertans who are able to work into the workforce. These partnerships will play a key role in the success of programs and related initiatives such as *Work Safe Alberta*.
- 5. Economic Development Strategy**  
 Linkage: Goals 2, 3 and 4  
 Human Resources and Employment is a co-champion for the Economic Development Strategy, one of the Government's priority policy Cross-Ministry Initiatives. The Ministry will work towards a future of opportunity in a province that's unmatched in economic growth through ministries working together with business, industry, communities, other governments and public institutions, employees and other stakeholders. The objectives of this strategy are to achieve a more sustainable, broadly-based economy built on the strength of our natural and human resources, build a rural Alberta that has vibrant and sustainable communities (Rural Development Strategy), and ensure a sufficient supply of skilled human capital to meet and support Alberta's economic growth.
- Personnel Administration Office**
- 6. Corporate Human Resource Development Strategy**  
 Linkage: Goals 5, 6 and 7  
 The Corporate Human Resource Development Strategy, a key administrative Cross-Ministry Initiative, is a strategic priority for the Personnel Administration Office. Initiatives under the strategy are focused on enhancing leadership capacity at all levels, attracting and retaining talent, fostering safe and healthy workplaces, and ensuring the management of human resources continues to be aligned with government goals and priorities. The Personnel Administration Office also supports other key administrative cross-ministry initiatives such as the Shared Services Delivery Improvement Strategy and Service Alberta.
- Alberta Labour Relations Board**
- 7. Labour Relations**  
 Linkage: Goals 8, 9 and 10  
 The Board will continue to meet the challenge of ensuring that Alberta's labour relations community is aware of the processes that are available to them, that these processes are communicated in an understandable manner and that these processes are carried out in a consistent and timely manner.
- Appeals Commission for Alberta Workers' Compensation**
- 8. Appeals**  
 Linkage: Goals 11, 12 and 13  
 The Appeals Commission will provide accessible and transparent appeals services in a timely manner while maintaining an uncompromised fairness of process.

The framework provides a corporate approach that is established in collaboration and consultation with stakeholders. ## 6 A strong public service that is positioned to meet emerging and diverse government goals

**What it means** The ability to attract, engage, develop and retain skilled and knowledgeable employees is critical to achieving the goals of government. A strong commitment to leadership development at all levels ensures there is talent ready to compete for future leadership positions. Innovative partnerships with ministries and other organizations ensure timely and relevant professional development through programs such as Corporate Executive Development, Senior and Executive Managers' Development and Management Development. A corporate executive search program recruits executive level talent and the Ambassador and Internship programs promote the Alberta public service as a positive career choice. An engaged and productive workforce understands what is expected and can link effectively to ministry and Government goals. Albertans expect excellent service from the public service and the continuous enhancement of employee capacity in this area is ensured through a strong partnership with Service Alberta and the Alberta Corporate Service Centre. The Premier's Award of Excellence recognizes superior client service and business excellence in the Alberta public service.

### Strategies

- .1 Foster continuous learning, service excellence, and build leadership capacity for all employees.
- .2 Develop and enhance strategies to attract and retain talent.

## Core Business Five: Labour Relations – Adjudication, Investigations and Mediation

GOAL EIGHT

# 8

### The Alberta labour relations community receives timely, effective and efficient services

**What it means** It is important that labour relations matters be dealt with as quickly as possible to ensure situations do not grow into larger more complicated issues. The Alberta Labour Relations Board ensures the effectiveness of the investigation process.

**Strategies**

- .1 Investigate applications in a timely and accurate manner to ensure early resolution of differences.

Performance Measure	Last Actual (2002-03)	Target 2004-05	Target 2005-06	Target 2006-07

GOAL NINE

# 9

### Promote use of Alternative Dispute Resolution methods to solve issues before reaching formal hearings

**What it means** Facilitated settlements help build effective relationships. In many applications, the Alberta Labour Relations Board works with the parties to help settle disputes before they get to hearing.

**Strategies**

- .1 Ensure that Board officials develop and maintain the proper facilitation skills required and that these techniques and skills are applied to all appropriate applications.

Performance Measure	Last Actual (2002-03)	Target 2004-05	Target 2005-06	Target 2006-07
9.a) Percentage of applications, with Board involvement, settled before reaching a formal hearing.*	57%	53%	55%	56%

\* Certifications and Revocations are not included as they are mandated to go to hearing if applicant demonstrates sufficient statutory requirements. However, it is common for the numerous and sometimes complicated issues relating to these applications to benefit from Board settlement efforts.

## 10

**Make clear and timely decisions for the parties to quickly implement the resolution**

**What it means** It is important for labour relations decisions to be well reasoned and researched, but this must be tempered by the needs of the parties to have issues resolved quickly. The Alberta Labour Relations Board balances the needs for accuracy with the effectiveness of the decision-making process and the needs of the parties.

**Strategies**
