

# THE QUÉBEC CITY – WINDSOR CORRIDOR

From thriving metropolis to old-world charm

# CONVENIENCE AND EFFICIENCY

## Before boarding: Accessibility

VIA Rail makes your trip easier even before you board the train. In most cities, our stations are conveniently located in or near the downtown core and connect to the local transit systems. Or, choose to leave from a suburban station closer to home. Either way, you can be assured that you have chosen the fast track to your destination. Breeze through tedious rush-hour traffic by departing from our easily accessible stations. Forget about delays caused by the elements – VIA Rail will get you where you're going, no matter the weather!

## At the station: Choice of ticketing methods

All you need is to be at the station in time to pick up your ticket. Stop by one of our new, easy-to-use self-ticketing kiosks and take advantage of their user-friendly touch screens and speedy payment options allowing you to buy your tickets easily and rapidly throughout the process – from reservation to printing of tickets. Simply use your debit card or a major credit card! Also, you can print your tickets from prior Internet bookings even minutes from departure. These convenient and innovative kiosks are located in several stations across the Corridor: Québec City, Sainte-Foy, Montréal, Dorval, Ottawa, Fallowfield, Kingston, Oshawa, Toronto, London and Windsor. Furthermore, our ticket counter agents are always available, so the choice is yours.

The next time, skip the line and enjoy the ride!

## On board: Productivity, friendliness or relaxation

Once on board your train, sit back, comfortably nestled in your spacious seat and stretch out your legs. There's plenty of room for it. Take advantage of these few hours of undisrupted peace to dive into that novel you've been looking forward to or that paperwork you've been saving for such a rare occurrence. Settle in for a restful nap, giving in to the soothing motion of the train. Plunge into an interesting conversation with your travel companion. Use your cellular phone to return a few calls or make arrangements prior to arrival at your destination. Take in the breathtaking view through the panoramic windows, whether it be rolling countryside or a metropolitan landscape becoming more defined as you approach the station.

## EVERY POSSIBILITY

Combine all these ideal conditions with our easy online bookings at [www.viarail.ca](http://www.viarail.ca), numerous daily departures, practical schedules, and the free membership to our VIA Préférence Reward Program for frequent travellers, and you'll see why, for travel between several cities of the Corridor, VIA Rail is simply the civilized way to go!

# The train: convenient, comfortable, unsurpass

## ENVIRONMENT TO WORK OR RELAX

VIA Rail Canada is the preferred choice of business travellers who value time and cost efficiency. Our downtown-to-downtown service allows for shorter commutes from departure to arrival. Since the use of cellular phones is permitted during the entire duration of the trip, and electrical outlets are available in VIA 1™ class to plug in your portable computer or any other electronic device, you remain productive and connected while you travel. Furthermore, following the successful tests on high-speed wireless Internet service, we are considering the possibility to offer this service in the busiest stations of the Corridor and in VIA 1 class.

## VIA 1 CLASS

Our *VIA 1* class delivers the quality of service and the many benefits one comes to expect of a first-class trip, at a very reasonable price. That's why it is the premier choice of business and leisure travellers alike.

The Panorama lounge is the first of the privileges you enjoy in *VIA 1* class. When you arrive at the station (in Québec City, Montréal, Dorval, Ottawa, Toronto, Kingston or London), head straight for the elegant Panorama lounge, where complimentary beverages and newspapers are always available and then relax until your priority boarding call is announced.

On board, you will find our spacious and stylish cars conducive to relaxation. Settle in your generously cushioned seat, recline, stretch your legs and sit back, enjoying all the room you have. To help you work better, every seat is equipped with a power outlet, so no need to worry about battery life.

You will be served a tasty meal, included in the ticket price. Passengers on the morning train start their day with a generous breakfast including juice, fresh fruit appetizer, a choice of hot entries, light pastries and tea or coffee. At noon and in the early evening, we treat you to a delicious three-course meal: appetizer, varied main dish, with dessert and bread. Aperitifs and wines accompany the food, and to top it off, our famous *VIA 1* chocolates. Then, let us spoil you with an after-dinner liqueur to start your evening.

Also, on some designated departures, *VIA* is now offering passengers the new European-designed Renaissance cars. *VIA 1* class passengers in Renaissance cars enjoy access to the *VIA 1* lounge in the service car, offering free refreshments, a comfortable environment, and the opportunity to work with colleagues or to socialize.

Treat yourself to *VIA 1* today: the travel experience that's in a class of its own.

# ed! Travel along the Corridor: a pure pleasure!
