

# Trade Team Alberta Organizational Structure

The **Management Committee** of Trade Team Alberta (TTA) is made up of representatives from each of the core member organizations and is co-chaired by one federal and one provincial representative.

The **Steering Committee**, which reports to the Management Committee, is comprised of a federal and a provincial co-chair, as well as the co-chairs of each working group.

TTA's **Secretariat** assists the Steering Committee with the day-to-day work of Trade Team Alberta.

Each **Work Group** consists of two co-chairs (generally one federal and one provincial), who sit on TTA's Steering Committee. Work group membership is flexible, and allows for the addition of representatives from member, associate member and other organizations (including private sector) with an interest in the work group's focus of activities.
